

VISION/PROPHECY:

On Saturday morning, June 4, 2011, at 6:45 am, I went to my truck, as I usually do, to Meditate. As I began to meditate, I pondered on the idea of a large sum of money coming our way. The sum was astronomical, to the tune of 200 million. I know this sounds crazy, but I was so compelled to entertain the thought that I asked the Lord, "what would I do with that much money?" That's when I began the dream, or what I called it. The first thing that came to me was an assembly of pastors, doctors, attorneys, business owners & and judges. All of them were from Palestine. Danny and myself were addressing this assembly to explain to them what God had laid on our hearts to do. To the churches that are here in Palestine; all who will listen will become a part of this. There will be no denominational divide, but all who will, shall be joined by the Holy Spirit and together in one accord with an assignment for change, beginning in Palestine. The pastor's role in this will be to become the board as Shepherd's under Danny's authority. I asked the Lord, "how would we keep this afloat?" Once again an answer came, that many churches would sign on and each church takes in 10% tithe, and that 10% of that would be provided. As a result of the obedience, increase would be provided of great proportion. The Judge's, I saw were there, because of the fact that they have the authority to sentence and assign. The Doctor's, were there to provide their services. Attorney's were there to give legal advice. Business owners were there to give jobs and to help with Finances as well.

So what does all of this mean? Well, somewhere around Palestine there is 700 acres waiting for God's plan to take form. There will be facilities built for a school, dorms to house kids of all ages, young women who are battered, pregnant girls who have nowhere to turn, the homeless were there with a place to get back on their feet. A very large church is sitting at the center of the property, and it is filled to capacity all of the time. Drug users will find freedom from drugs and alcohol there, children who would otherwise fall prey to gangs, murder, and all mischievous and demonic activities, will see the hand of God transform them into who they are as he sees them. I said to the Lord "wow" this is awesome!" It was like he said to me, "How do you like my new army?" From Palestine and from this place, God will raise up his army to take the fight to the enemy. From this place, under privileged children will grow up with the hope of the gospel and from this place, God will send out the youth equipped to force change everywhere they go. The results and the success will be so dramatic that all the major news networks come to see what is taking place, and the other cities and towns will model themselves after this thing that God is doing, and they will also begin seeing the same results. From this, schools as we know them to be today, will no longer operate under the states rule, but rather they will operate under God's rule, and the people will cry out with one voice "**IN GOD WE TRUST!**". This is the beginning of the great revival and this is how it shall be.

All I know is this, Palestine and everyone in this town, will turn to God and poverty, sickness, broken heartedness, violence, drunkenness, religion and bondage will no longer have it's place here. This will be a place where prosperity is created, hope is fulfilled, joy abounds, the fruits of the spirit find a home, and Jesus reigns so strong that when people drive through this place, a life changing experience takes place.

This is what I dreamed for about an hour and a half.
