Starting a small business

Create a solid Business Plan

Creating a solid business plan is vital to your success. You need to know where you expect to go long before you get there.

Do a market Research

- To find out the information that will help you make an informed decision and maximize the potential of your business.
- Learn more about your industry.
- Know your current and potential customer base,
- Competition, and current market conditions.
- What type of business group you are setting up Sole proprietorship, Partnership, Corporation, or co-op.

Name Your Business

Choose the right name for your business. The name should be unique and easy to remember – it should describe the products and/or services you provide.

Choosing and setting up a location

Decide where you want to locate your business and how to arrange it once you get there.

Marketing and sales

How will you market your business and interact with your customers will vastly influence your successes.

Rules and regulations

Learn the regulations and rules of operating a business in your area every country is different. You need to know.

- The key business activities such as exporting importing, marketing and employee hiring. Every industry is different.
- Find out the key points for your type of industry and learn the regulations and what your key obligations are.

Organizing Your Finances

Your business success will depend on how well you plan and manage your finances. Will you be seeking financial help? Will you apply for a loan or Government grant, either way you need a well developed business plan.

Registering your Business
