---

To Whom it May Concern,

It is our privilege and very great pleasure to write a letter of recommendation for Randy and Elizabeth Davenport. We first met them while ministering together at a Friday night revival at a local church here in Jacksonville. When Elizabeth got up to speak and share her testimony, the power of God flowed from her and captivated the entire sanctuary. We knew we had to bring Randy and Elizabeth to our inmates at the Lake City Bridge Work Release Center.

Randy and Elizabeth normally sing and preach the gospel in large prisons, churches, and conferences around the nation. Imagine our delight when they agreed to come and do a special service at our little work release center. That evening there was standing room only in the chapel! Randy had us clapping and rejoicing as we praised the Lord in worship, singing songs that he wrote himself. Elizabeth is one of the most powerful women preachers we have ever heard! She can bring a room to tears, shouts, clapping, and repentance! And she did just that! During the alter call, with tears streaming down her face, our inmates were deeply moved and each one bowed before the Lord, pressing in and believing God to break off chains, heal broken hearts, and bind up wounds. The Spirit of God was thick in the chapel and remained long after service ended, as the inmates surrounded Randy and Elizabeth to ask for personal prayer and share their testimonies of how the Lord spoke directly to their needs that evening.

Any prison, church, or ministry interested in inviting Randy and Elizabeth Davenport come to minister in song and the Word for your chapel service, revival or conference will receive the blessing of a lifetime! This couple is anointed beyond measure. Their hearts for souls and their passion for sharing the hope, love, and forgiveness of Jesus Christ are incredible! We are always refreshed, inspired, and transformed as the Lord moves through RED Life Ministries to impact our lives and those of our inmates for His glory and purpose!
