

LETTER OF RECOMMENDATION:

To Whom It May Concern:

Randy and Elizabeth Davenport have been long-time missionaries at the Leavenworth Detention Center (LDC). As the chaplain, I have always found them to be a very positive contribution to the overall mission and values of the Religious Services department here at LDC. Elizabeth's teachings are theologically sound and presented in an energetic, compelling manner. Randy is gifted musically. The inmates recognize his skill and are very appreciative of his musical talents. When Randy and Elizabeth come into our center, the inmates respond in an enthusiastic manner. I am frequently asked when they will be able to come back.

Randy and Elizabeth have been very responsible and flexible. They always are current on their training requirements. They have come into our center to meet with the inmates with very little notice. I appreciate their efforts and I commend them to you.
