Dear Friends,

I am happy to recommend Randy & Elizabeth Davenport as Red Life Ministries. This couple has been dedicated to serve and minister to incarcerated people across the United States. I have seen them in action and how well they relate to those brothers and sisters who are behind bars. For many years, the davenports have made sacrifices and traveled many miles to be a blessing to a population that is often forgotten. They are also capable and available to minister by both word and song to churches and other ministry settings.

I continue to value my fellowship and friendship with this dear couple, who are powerful ministers of the gospel of Jesus Christ.

Sincerely,

A handwritten signature in cursive script that reads "Lindell F. Shumake".
