Christmas Dinner & Benson's Evening Parade, Dec. 7

The Christmas dinner and meeting had 6 Board members and 38 members who signed the roster. Virgil Schmidt enlisted the caterers who served a delicious meal of beans, mashed potatoes & gravy, lots of ham and turkey, a roll, a big piece of pie, plus coffee and lemonade, all for \$10! Tiny Dixson, Darrell Day, and Roy Drewis, each, won a Poinsettia flower door price. Barry Kanner won the 50/50 raffle and then donated his win to the Benson Food Bank.

Participants of the parade were Lance Amatulli, Matt Stewart, Virgil Schmidt, and Jim White. John Davenport planned to drive but his tractor didn't want to go.

Huachuca City Christmas Parade, Dec. 14 by Matt Stewart

Here are a few highlights from the parade. Participating members included Jim Fieber, who led us with his Minnie Moe, followed by Jim White and Lloyd Baker on Jim's

golf cart towing a trailer with an inflatable Frosty, the Snow Man. Next came Matt Stewart on his

Gibson Model A, followed by

Larry Kastens & Mike Culp on Larry's Fairbanks which powered the Worthington Dodge Chief tractor. Next

came Julia Davis on a John Deere B and bringing up the

rear was Greg Skaggs towing the club trailer. Many

thanks to Mr. Shed for providing a lot to unload and park equipment and to Karen

Reid for making the buttons. Power from the Past took

second place in the parade and was also given a \$25 gift

certificate from Ray's Antique Mall and Café.

Greg Skaggs brought the club trailer with the rope machine and set it up. Steve Christie, Greg, Barry

Hoyte, and Jim Fieber manned the rope machine.

The participants and the event leaders were appreciative. Many kids walked away with a number of

ropes in different colors. Smiles were all around.

We netted \$300 from this community exercise. Many thanks to these members, especially Wayne. Wayne brought his tractor and disk from Marana, donating

Pecan Farm Play Day, February 14-16

Jerry and JoBeth Hayes organized the Play Day at the Pecan Farm off Sahuarita Road. Darrell Day brought the Porta-Potty and Bucky Stevens transported the sled. There were 25 members present and seven guests. There were 7 large tractors, 1 teen-

aged tractor, and 2 small tractors. Members present were Lance & Liz Amatulli, Len Becwar & Jane Bright, Frank & Teri Bessler, Darren Day, Darrell & Madalyn Day, Tiny (Adrian) Dixon, Roy Drewis, Jim & Sharon Fieber, Jerry & JoBeth Hayes, Barry Kanner, Larry Kastens,

Merle & Mary Kyser, Zane Parker, Lyle, Cheri, & Jonathan Rasmussen, and Wayne & Phyllis Stevens. Food was prepared as a group and cornhole game was available. Best ground conditions of any recent plow and play days and good times for all.

Culver's, Prudence & Broadway, February 22

Mel Perkins, organizer and advertiser, and Gregory Skaggs, rope stanchion keeper, were on the site by 5:30 a.m. It had already been raining and the weather forecast was intermittent rain throughout the day. Participants were waiting at their perspective homes with their intended exhibits. Some "would be" participants expressed opinions that they did not wish to stand in the rain, even if their engines were running, and secondly spectators would likely not be on hand for the same reasons, so the event was cancelled. To my knowledge, this is the first time in our history that an event was cancelled due to the rain.

Our thanks go out to Karen Reid for making the participation buttons, to Darrell Dwyer who was ready with the featured engine, to Jim Blair for having the Western engine ready, to Mel Perkins and Gregory Skaggs who were on site, as well as to all our members who were loaded and ready to participate. Larry Kastens notified our members through emails and Mel Perkins notified spectators who called, of the cancellation.

Ice Cream Equipment

Besides hosting events, **Jerry and JoBeth Hayes** transport and make the ice cream for our events. Jerry is busy keeping the machines repaired and serviced as well as getting another one made. Both of the wooden tubs were leaking, so Frank Bessler came to their rescue with sealer supplied by Matt Stewart.

Tab Collection by Wayne Stevens

Our association collects aluminum tabs for the Ronald McDonald House. Wayne has been spearheading this project for more than a decade. Please save your tabs and give them to Wayne at any event or meeting. Recently, Buster Brown of Yuma, brought in 35 pounds.

Mechanized Wood-Working Machines to Be Auctioned

We have received several antique wood-working machines. There will be a silent auction for these items at the Annual Meeting on May 2.
