

# CACF ANNUAL REPORT 2020

Published November 2021

## Message from Carberry & Area Community Foundation Chairperson

2020... The year the world went quiet. We learned how to communicate differently, re-evaluated what was important individually, as a community and as the world in general. 2020 was a year for the books.

The Carberry and Area Community Foundation celebrated our 24th year as a foundation very quietly. From month to month, we waited to hear if we could meet in person or if we would continue to meet through electronic means. I, for one, was missing seeing people in person, but was very thankful for our Executive Director, Brianna Renwick, who continued to run this amazing foundation remotely and keep our board on track so that we could continue to grant funds to the community. Her computer strengths, leadership skills and knowledge shined through even the darkest months of this pandemic and helped our board adapt to our new way of communicating. She continues to be the solid rock behind this foundation and I would like to take this time to thank her for all of the hard work, long hours and continued dedication to the foundation and community at large.

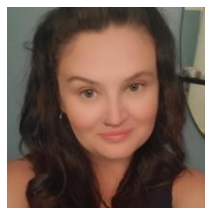

In 2020, CACF continued to work on being more visible in the community. With the loss of our local newspaper and a pandemic keeping everyone apart and at home, we continued to see projects being completed with the CACF sign attached. We planned and hoped to engage with the community even more this year, with some new activities and events, similar to the Vital Conversation we hosted last year. They are still part of our future plans and we hope to be able to be out and about visiting in our new form of normal, but in person, in the very near future.

Some of our highlights over the past year included significant grants that were awarded and are visible around our community, including some to several different clubs and groups in our area for projects supporting education, green space, health care, arts and culture, recreation, agriculture, heritage and community programs and to the new fire hall expansion. All of these projects touch the lives of people in our community and the surrounding area in one way or another. We were also able to award significant scholarships to the class of 2020!

This year was also very special for granting as we were awarded two rounds of Emergency Community Support Grants. These were specifically to go towards helping our community with the struggles that came about with Covid-19 and new regulations and precautionary measures that needed to be put into place. Being a part of the committee that was able to help disperse these funds was challenging and yet an honour. All of the projects were amazing and important and I hope the community felt supported and that these funds helped to ease the weight that many organizations felt during the fast changes of the regulations of the pandemic.

I am so proud of the community and area in how we have come together and prevailed this past year. I would like to thank the Board of Directors of the CACF for your dedication and support during the past year. A special thanks to the board members who have completed their terms with Carberry and Area Community Foundation: Alice Wright, Kim Baron and Fokko Buurma. We welcomed our new Board Members: Kim Adriaansen, Jeremy McPhee and Ian Dyck. It has been quite the year and your involvement has been welcome and helpful.

Finally, I would like to thank those, past and present, who have donated to the foundation. Every dollar that comes in is invested and grows so that we can put it back into the community. If you would like leave a legacy in the community, please contact the CACF and we can help you!

Here's to 2021 and all of the positives that we are all hoping for. The foundation is celebrating 25 years this year and we have some exciting things planned. Stay tuned on our Facebook and Instagram pages.

All the best,  
Karra Burney  
Chairperson, CACF 2020
