Youth in Philanthropy Program - Philanthropy 101 for Grade 10 Students

Philanthropy: the practice of giving money and time to help make life better for other people.

The 2017 Grade 10A and 10B Skills classes have done just that! Each class was given \$1150 from the Carberry and Area Community Foundation to grant to worthy, non-profit organizations in the area. Each class was assigned the task of researching different non-profit organizations, interviewing them, having discussions in class, and making their decisions within their groups.

At the beginning of June each group presented their organization of choice to the CACF board for final approval. It was evident that these students had done their research as they were able to provide many details about the organizations in our community and what their spe-

cific needs are. Some groups provided history, while others talked more about the future. The CACF board was impressed with the effort put forth by the students and approved the following requests:

Grade 10A Class

Minor Ball (new fridge for canteen) - \$335

Carberry Ag Society (activities for children at Fair & Races)- \$400

Art Sear Memorial Park (park development)- \$210

Carberry Rec (trees at new facility site)- \$205

Grade 10B Class

Art Sear Memorial Park (park development)- \$675

Care Home (activities for seniors ~ Pub Night)- \$200

Carberry Cat Rescue- \$175

Cancer Care Truck Pull- \$100
