

# SEVEN SEAS

## WATER SKIS

New! . . . a startlingly attractive multicolor finish on Seven Seas skis. A major and minor shade of marine lacquer are flecked together to form a beautiful and unusually durable multicolor finish. Multicolor Seven Seas skis are available in three popular shades: pink, yellow and aqua with attractive foot bindings. Be first in style . . . on Seven Seas skis.

QUALITY BUILT      EXCLUSIVE FINISHES      FORWARD MOTION LOOK

Seven Seas water skis are made of selected marine hardwoods. These are laminated with waterproof glue under high pressure by the most modern high-frequency bonding methods. Your Seven Seas water skis have true curves and accurate balance molded and cured right into the wood.

Your choice of natural high-gloss 3-coat varnished mahogany or oak finishes or of the exciting new multicolor finishes in pink, yellow and aqua. Trimmed with forward motion design making your Seven Seas skis the smartest skis in action.
