

(15) I ordered four soft cotton bumpers from Dennis Armstrong of Redmond, Washington, to protect the sides of the Wolverine during mooring [The Knotted Line, 9908 168th Avenue, Redmond WA 98052-3122 (425-885-2457) or (www.theknottedline.com)]. Indeed, they functioned admirably during two boat shows in 2017. Although pricey, they are worth far more than the cost!
