

STRICTLY EQUINE. THE HEALTHY DECISION.

Zorbate

Strictly Equine Zorbate is an excellent blood boosting supplement furnishing folic acid, Vitamin B12 and folate that are essential for the production of healthy red blood cells and their ability to deliver oxygen and nutrients to working muscles. As cardiovascular conditioning improves, total blood volume, red blood count, hemoglobin levels will also increase to enhance performance.

Blood is essential to life to deliver oxygen and nutrients to cells and remove metabolic waste. Red Blood Cells (RBC) are one of the 3 types of blood cells that make up blood. The other two are white blood cells also known as leukocytes and platelets also called thrombocytes. RBC are the most abundant blood cells and in a horse makeup about 8-10% of body weight or 40L for 500 kg horse. RBC contains an iron containing protein called hemoglobin to which oxygen will bind to. RBC will deliver oxygen to muscle cells to transform energy from carbohydrates, fats and protein to ATP (adenosine triphosphate) energy, which is the form of energy that muscles utilize.

A lack of hemoglobin, often caused by iron deficiencies, blood loss, hemolysis or destruction of RBC will limit the delivery of oxygen to working muscles, compromising both performance and health.

Iron, Vitamin B12, folic acid is required for the production of healthy red blood cells.

Strictly Equine Zorbate is an excellent red blood cell booster, furnishing iron, vitamin B12 and folic acid to offsetting the risk of anemia and increased need for red blood cell production and improved oxygen delivery for highly metabolically active muscle cells.

ZORBATE
 VITAMIN B12, FOLIC ACID & IRON SUPPLEMENT FOR HORSES
 SUPPLEMENT DE VITAMINE B12, ACIDE FOLIQUE ET FER POUR CHEVAUX

GUARANTEED ANALYSIS:
 Iron (total) 2000 mg/lb
 Folic Acid (total) 18.2 mg/lb
 Vitamin B12 (total) 18.2 mg/lb

ACTIVE INGREDIENTS:
 Water, Sorbitol, Ferrous Sulfate Hydrate, Calcium Citrate, Folic Acid, Chlorophyll, Iron Pyrophosphate, Methylcobalamin, Potassium Sulfate, Ascorbic Acid, Calcium Hydroxide

DIRECTIONS FOR USE (HORSES):
 Top dress 2L per 450 kg (1000 lbs) body weight daily. For maximum benefit, Zorbate should be administered daily. For maximum benefit, Zorbate should be administered daily. For maximum benefit, Zorbate should be administered daily.

ANALYSE GARANTIE:
 Fer (total) 2000 mg/lb
 Acide folique (total) 18,2 mg/lb
 Vitamine B12 (total) 18,2 mg/lb

INGREDIENTS:
 Eau, sorbitol, sulfate de fer hydraté, citrate de calcium, acide folique, chlorophylle, pyrophosphate de fer, cobalamine méthyle, sulfate de potassium, acide ascorbique, hydroxyde de calcium

MODE D'EMPLOI CHEVAUX:
 Donner 2 litres par 450 kilogrammes de poids corporel par jour. Pour un effet maximal, donner Zorbate tous les jours.
