PRESIDENT'S COMMENTS

Hello and Member and Friends,

I would like to start off by saying thank you to all members for the continued support and attendance. We had just over 30 members at the January meeting and about 25 members at the February meeting. I sure hope this trend continues throughout 2016.

The February meeting was exactly what the doctor ordered! We finally got to meet our new Ashtabula County Building Department Director. Mr. Todd Nagy did a superb job addressing the members with any concerns they might have had and what changes will be made to receive our approved drawings and permits in a timely manner. The one statement that Mr. Nagy made that night was "My door is always open," this will be a nice change at the Building Department.

Our guest speaker for March is going to be Ms. Holly Mayernick, Regional Director of Infinity Resources and Infinity Group Companies of Ohio. This Pennsylvania based company has been in business for over 55 years with offices throughout Ashtabula County serving employers with the best possible staffing experience. Come out this Thursday to see what Infinity Resources has to offer.

Don't forget about the Annual Builders Raffle coming up on May 7th! Doors open at 5:00 P.M. and dinner at 7:00 P.M. This is a great event for a great cause. Early bird tickets are still being sold through March 31st but raffle tickets will be available until they are sold out. Contact any of the Board Members for tickets.

Hope to see everyone at the meeting Thursday, March 10th at the Elks Club.

Thanks for your time,
Calvin Brown Jr.
Ashtabula County Builders Association President

BANKER BOB'S CORNER

"SUPPLIES!!"

After returning to the building site from purchasing supplies at the local hardware shop the foreman addressed his workman and delegated the days duties.

" Tom, take Jim and Chris down and finish digging out the drainage ditch, Bill keep running the electricity leads and Wong, you're in charge of the supplies"

The men went about their designated duties and it wasn't until some hours later that the foreman realized that the supplies were still in the back of the truck. Not seeing Wong anywhere around the foreman went in search of his wayward worker.

Just as the foreman had given up hope, Wong jumped out from behind a drum and yelled,
"SUPPLIES!!"

INFINITY RESOURCES, INC. has been helping employers build their workforce for over 55 years with recruited employees, temporary workers, contract workers, human resource consultation, payrolling and screening! We have been proudly serving King Luminaire staff production workers throughout the 2015 year. Over 50 years ago, Charles W. "Charlie" Farrell (CEO) began a staffing service in downtown Erie, Pennsylvania in conjunction with his permanent franchised placement service and a variety of temporary helpers for a handful of industrial clients. From these beginnings with a small roster of industrial clients, Infinity Resources, Inc. (IRI) has grown to one of the Lake Erie Basin's largest employers of industrial laborers, clerical, customer service management and technical workers serving clients in Northwestern Pennsylvania, Western New York and Northeastern Ohio. Our offices are located from Dunkirk, NY to Painesville, OH. In the mid-1990's, Lewis "Lew" Shiley, Managing Partner, joined forces with Mr. Farrell to bring this staffing concept to Ashtabula and Lake Counties, Ohio. Lew's experience in local government as Conneaut's mayor gave him access to many employers and employee candidates. Certainly, that experience lent to a great understanding of the local and Northeast Ohio economy.

The partnership Charlie and Lew forged is committed to locally owned and operated offices. Each of our managers and administrative staff members are deeply rooted and responsible members of the communities we serve. In 1994, Martin Farrell, Charlie's son, became the president of Infinity Resources. Since 1994, a number of locations have been added and moved in the service areas. About 5 years ago, Martin's brother, Thomas, joined the administrative staff as CAO. Infinity Resources, Inc.'s professional staff is eager to assist in matching employers and employees for the right placement fit. Infinity Resources, Inc. is an Equal Opportunity Employer. Employers seeking human resource support may experience specialty recruiting, job description and handbook creation/review, PEO services and temporary contract workers. The latest responses to the marketplace includes our Professional Division serving employers who are looking for technical and professional individuals such as engineers, quality management, accounting, CFO's and sales representatives. Often these candidates need to be recruiting from existing workforce, relocated to our area, hired from the recent college graduate ranks or advertised for in a more aggressive and broad manner. Employee candidates may expect qualification testing, resume assistance, interview training, skills evaluation and job placement.

Our Corporate Headquarters is located in Erie, PA on West 9th Street and Ohio's managing partner is based in Conneaut, OH. Visit our website for more information, "Office Hours & Locations": www.TheJobsNetwork.com

The mission of Infinity Resources, Inc. is to give our employee candidate and employer client the best possible staffing experience available in the marketplace. We will do this by matching employees to employers understanding and respect for each party involved in the staffing process.

Holly Mayernick is the Regional Director of Infinity Resources and Infinity Group Companies in Ohio: Ashtabula, Conneaut, Jefferson, Kent and Painesville. She has been with the company since August of 2001 and held the title of Branch Manager, Marketing Director and now, Regional Director (for the last 4 years). With a BS in Sociology from Malone College, now University, in Canton, she grew up in Stark County; married Joe Mayernick 22 years ago; And now widowed, lives with their miniature Daschund, Denny Crane in Roaming Shores. Reading, yard work, baking and traveling top the list of things she loves to do, including her favorite food group: dry wine.

Typically her mantra for success is: Do what you say you will do. Now. (Not always easy to accomplish, but very worthwhile.)
