Hello Friends,

Winter is definitely upon us this week. Now it is time to take care of those items that you have been putting off. One of the things that you might consider doing is attending the next general meeting of your Builders Association on February 9th. Mr. Joe Cellitti, will be talking to us about conceal carry.

When you make your reservation for this informative meeting please contact me via telephone, text or email by Tuesday, February 7<sup>th</sup>. The earlier you reserve your spot the easier it is on the Elks Club, thank you in advance. Please remember you can bring a potential new member to dinner on the Builders Association at any general meeting.

I would like to thank your fellow member Mr. Michael Fedler, Edward Jones, for speaking at our January meeting. It was very informational and well attended.

I hope to see you at the February meeting,

Michelle

## BANKER BOB'S CORNER

### Strong Man on the Job

The strong young man at the construction site was bragging that he could out do anyone in a feat of strength. He made a special case of making fun of one of the older workmen. After several minutes, the older worker had had enough. "Why don't you put your money where your mouth is," he said. "I will bet a week's wages that I can haul something in a wheelbarrow over to that outbuilding that you won't be able to wheel back." "You're on, old man," the braggart replied. "Let's see what you got." The old man reached out and grabbed the wheelbarrow by the handles. Then, nodding to the young man, he said, "All right, Get in."

### Unprepared Highway Crew

One morning a local highway department crew reached their job-site and realized they had forgotten all their shovels. The crew's foreman radioed the office and told his supervisor of the situation. The supervisor radioed back and said, "Don't worry, we'll send some shovels ... just lean on each other until they arrive."
