

SAFARI CLUB INTERNATIONAL AUCTION BUYER POLICY

SCI, through its annual hunters' convention, offers hunts, art, firearms, and other tangible items for sale during the live auction. All items are sold "as is". Safari Club does not make any implied or express warranties or representations of any kind or nature with respect to the items and in no event shall SCI be held responsible for the accuracy of the description or its value. SCI does not make any representation or warranty of the description, genuineness, attribution, provenance or condition of the item. No statement in the SCI publication, catalogs, or brochures or in the bill of sale or invoice or elsewhere shall be deemed such a warranty, representation or assumption of liability. Any written warranties with respect to the items purchased are those solely and expressly supplied by the manufacturer or donating company of that item or hunt.

After each item's sale, the successful bidder (purchaser) will immediately sign an Auction Sales Agreement or Silent auction bid sheet. All signatures on the Auction sales agreement and/or Silent Auction bid sheets are binding. The purchaser and an authorized representative of the donating company must sign any changes or additions to the published description in order that such changes or additions are recognized as valid and binding by SCI.

All sales are final and there will be no exchanges or refunds on items or hunts. SCI has made every effort to ensure the quality of donated hunts, trips, and tangible items. However, we cannot guarantee the satisfaction of the donor or the buyer. In reference to hunt donations, it is the purchaser's responsibility to contact the hunt donor and make all the necessary arrangements for the hunt dates and the application for any needed paperwork for licenses and/or permits.

If a purchaser fails to pay for any item within the time frame indicated on the auction sales agreement or the silent auction bid sheet, Safari Club International reserves the right to pursue all legal remedies available to it. Safari Club International may undertake internal actions, which could result in sanction including, but not limited to, suspension or expulsion of your membership in Safari Club international.

PLEASE NOTE

Upgrading your hunt, while not required, is certainly appreciated by our donors. If you do not want to add another animal, consider bringing along a friend. This really helps out these outfitters and hunting companies that are trying to help us! With few exceptions, these donors are not wealthy philanthropists, but rather donate to help wildlife, ensure the future sport, and generate new business for themselves. Please do what you can to help!

If you buy a hunt at our auction that the donor fails to provide for you, through no fault of your own, we will make arrangements for a replacement hunt or will issue you a credit. If you simply find it inconvenient to go on the dates available, or change your mind for some reason, then it is to be worked out between you and the outfitter.

In order for the committee to provide each outfitter with the auction results we ask that you wait two weeks to contact them so that they have all of your information prior to the call.
