Due to the COVID-19 pandemic and Governor Brown's face covering order we are closing the office to walk-in traffic and changing to a by appointment only schedule.

Please call **(541) 664-2822** or email info@advancedtruck.com to set up an appointment if you are looking for a repair or an office visit to design your next work truck. We will do our best to best serve our customers in these trying times. Face covering will be required during office visits and any time we cannot retain our social distance.

We are very sorry for the inconvenience of this and hope to be back to normal soon!

Thank You!
