Melville High School

A new course will be offered at Melville High School next year. The course is designed to help students learn about careers and gain some work experience. In the last week of the program, students will be able to spend time working at a local company. Many students have already asked to take part in the course.

1. What is one thing students can do in the new course? _____

2. What will be offered at Melville High School? _____

3. What is the new course going to teach? _____

4. Are students interested in this new course? _____
