Careful Consumers

These days, more and more consumers pay close attention to the contents of the food products they buy. Some people are trying to lose weight. Others are worried about chemicals in their food. These people need detailed information about food products. Companies provide this on food labels. In this way, they try to help those who are careful about what they eat.

1. More _____ pay close attention to the contents of the food.
2. Some people are trying to _____ weight.
3. Others are _____ about chemicals in their food.
4. These people need _____ information.
