IT Project Team Performing Analysis

Whitaker & Associates, LLC is a multi-line consulting firm performing professional services in several markets listed by standard industry code and category .

Not all of our lines-of-business fall into a Standard

Industry Code classification. The markets that follow have the potential to be strong income generators: Government Contracting and Sub-Contracting, Merchandise Liquidation which also gives rise to exports, positions us internationally.

The **Acquisitions/New Markets** division manages and directs all acquisitive growth (earnings) due to excess capacity by consolidating, which enhances core growth. This division is a blank check entity. It was formed for the purpose of acquiring, through a merger, capital stock exchange, asset acquisition, stock purchase or other similar business combination, one or more assets or operating businesses in industries where there is growth potential. This practice enables the firm to grow faster and gives us a presence in markets where there is industry growth.

See for yourself...

Our eCommerce component where we operate a web store, process B2B and B2C transactions in addition to ePublishing consisting of an eBook and eLetter. We are also doing ePublishing projects for clients. We will be looking very closely at this aspect of our business as it develops.

The mission of Whitaker & Associates, LLC is to provide excellent high-quality service to our clients and constituents in the markets in which we operate. As a firm, we believe that doing business with us should be a unique and satisfying experience. Our objective is to exceed your expectations regarding the products and services that we deliver. We are prepared to meet challenges and adversity in a timely, decisive and professional manner, always being mindful of the end result.

Working from detailed plans, schedules and utilizing many other tools, enables us to have a clear focus and thorough understanding of what the risks and issues are.

Our global vision is where we see many opportunities as well as competition and challenges that must be approached using strategies that will gain an advantage for the firm from planning derived from our analysis, research and metrics.

...You're invited!

You are invited to take a closer look and take advantage of what we have to offer. In today's marketplace, a firm must be diversified in their approach to the businesses in which they operate as well as how business is conducted. Our affiliates give the firm another link to business opportunities that provide additional sources of income. We are constantly looking for affiliates with which to partner.
