There is a lot of time between now and then, but time flies! If you have friends or family with a Corvette, tell them about Fastlane Corvettes and that they are welcome to join the group, they will see all the events as well as have the ability to create their own get togethers! I don't know...115 Corvettes and approx. 175 to 180 headcount is hard to beat but I think it's possible lol.
