- The Lord is so amazing on how He led us on this BBSB-Apar. it was a rainy season but we need to reach this remote areas. we prayed that the Lord bless us with a 3 consecutive days without rain so we can travail off roads going to areas in Apar. Until Wednesday were rainy days and the river was flooded. but following days- Thursday & Friday, were sunny days enough to make the river passable and to dry the muddy roads. Praise God!!

Brgy. APAR

- That Friday night, while almost everything was coordinated and good to go early morning next day, 2 churches called me that they have to back out due to some reasons, until another volunteer backed out because his sibling needed a checkup in the hospital the next day. I have to cancel the hired Jenney then 8PM that night because only 6 volunteers remained to ride on. but this is a no turning back because the Lord already gave us a good weather. He answered our prayers.

- He provided a good weather already. Praise God for the positive response of motorcycles riders I called that night. It became a team of motorcycle riders. the Lord blessed us with 19 volunteers saturated the areas! most of them were first timers. But they were just amazed not only for the strength and courage that they were able to share the gospel, but most of all because they saw the Lord is working on every single thing that happened!
- When, in our closing/synthesis assembly in brgy. hall around 4PM, I asked them what is their hopes/dreams after the whole day saturation, every single volunteer wanted and prayed and pledged financial support to plant church in the Apar!

- Praise God for 41 volunteers to 391 households. 94% composed of those who believed in Christ as Lord and Savior, those who agreed to have follow-up bible studies and some committed to attend worship service.
- Praise God for the experiences, learning and next steps.
