## February 2025

### 2.5-year-old Program

#### Greenwich Nursery School News

It was great getting to talk to each of you and tell you how wonderfully your children are doing. I truly love watching them bloom and grow each day.

Now that we're about halfway through the school year, we are going to start adding some new responsibilities. There is a job chart so students can take turns doing special chores such as holding the flag for our pledge, holding the door, and collecting sit-upons. We'll also start practicing walking in a line, so we'll need a line leader and a caboose.

We will have a Valentine's Day celebration during class. When choosing Valentines for classmates, **please make sure there is nothing edible attached**. Little stickers or toys are fine, but we cannot pass out candy or other treats that way. Also, please **do not** label them with names. This will make passing them out a lot easier for toddlers. We have 5 girls and 1 boy.

Picture Day is on Tuesday, 2/25. Please have your child come dressed up and send in your photo paperwork, which you will get later in the month.

#### Daily Reminders

- Please have your child use the bathroom and wash hands each day before school.
- We are a nut-free school

Happy Learning!  
Mrs. Mariani & Mrs. Butler
