DISTRIBUTION LINES

Supplies engineered solutions for PCB depaneling, robotic soldering, hot bar soldering of flex circuits, pneumatic and servo assembly presses, robotic screw fastening and racks for PCB

Leader in solutions for electronics, telecommunications and critical environments markets. Products include degreasers, flux removers, conformal coatings, soldermask, desoldering braid, board repair pens, cleanroom swabs and wipes, and fiber optic cleaners

High precision tweezers, cutters and pliers for electronic, medical device and industrial manufacturing

Manufacturer of soldering, desoldering and rework systems, advance package rework, benchtop fume extraction and fluid dispensing systems

Offers a variety of stereo zoom, binocular microscopes, triocular microscopes and micro/macro zoom video inspection systems along with a full line of accessories to configure your systems

Manufacturer of flux removers, canned air, solder mask, conformal coating, stencil wipes, solder braid and many other fine products

DIRECT LINES

Vapor degreasers used for parts-cleaning applications throughout the aerospace, medical, electronics, and oil industries. Also offers tube cleaning equipment for both aqueous and solvent formats.

Global manufacturer and custom formulator of epoxy adhesives EPO-TEK offers a complete line of electrically conductive, thermally conductive, optically clear and photo-curable (UV) materials

Conformal coating dispensing systems, fluid dispensing solutions, and custom automation products for solar, semiconductor packaging, printed circuit board assembly, medical device manufacturing, and consumer electronics

Specializing in producing ultra low humidity dry cabinet, digital dry box, auto dry box, file management, digital dry cabinet and baking dry cabinet with durable quality and competitive pricing

PCB assembly, inspection and testing needs including box-building and assembly fixtures. Also offers related products such as wash baskets, fingers and nozzles

X-Ray Inspection System

X-ray systems that feature high power micro-focus x-ray sources up to 130kV, high resolution digital detectors, large inspection stages with 350° degrees rotation, oblique angle inspection, and all of the manual and automated s/w tools you expect in an advanced system are included. Offers a variety of stereo zoom, binocular microscopes, tri-nocular microscopes and micro/macro zoom video inspection systems along with a full line of accessories to configure your system

Epoxies, Etc. is a leading resin formulator of epoxies, urethanes, and silicones. We take great pride in our commitment to the research, innovative development, and consistent manufacturing of materials for today's demanding applications. Our adhesives, potting compounds, and coatings are widely used in the electronic, electrical, construction, and decorative industries.

Manufacturer of ergonomic chairs for office, production and cleanroom environments

Omron offers high quality inspection systems for each stage of the manufacturing process. 3D solder paste inspection, pre and post reflow automated optical inspection systems including full 3D component and solder joint inspection, post reflow automated x-ray inspection with true 3D CT technology. Process monitoring and improvement are provided with Omron Q-up Navi software.

Western Industrial Tooling
Precision. Quality. Innovation. Pride.

A precision tooling company specializing in close tolerance tools used primarily by industrial and aerospace markets. and a leading provider of injection molds (plastic, silicone, and ceramic), as well as wire and cable processing equipment
