DISTRIBUTION LINES

Leader in solutions for electronics, telecommunications and critical environments markets. Products include degreasers, flux removers, conformal coatings, soldermask, desoldering braid, board repair pens, cleanroom swabs and wipes, and fiber optic cleaners.

Solder paste, wire and bar solder, flux and cleaning chemistries, solder pre-forms and SMD adhesives.

Solder paste, wire and bar solder, flux and cleaning chemistries, solder pre-forms and SMD adhesives.

High precision tweezers, cutters and pliers for electronic, medical device and industrial manufacturing.

Offers a variety of stereo zoom, binocular microscopes, triocular microscopes and micro/macro zoom video inspection systems along with a full line of accessories to configure your systems.

Manufacturer of flux removers, canned air, solder mask, conformal coating, stencil wipes, solder braid and many other fine products.

Manufacturer of soldering, desoldering and rework systems, advance package rework, benchtop fume extraction and fluid dispensing systems.

DIRECT LINES

Fully automatic wash systems, high performance zero drain system. Ideal for cleaning middle to high volume of electronic assemblies. Suitable for cleaning stencils, pallets, squeegees, and other electronics.

Vapor degreasers used for parts-cleaning applications throughout the aerospace, medical, electronics, and oil industries. Also offers tube cleaning equipment for both aqueous and solvent formats.

Specializing in producing ultra low humidity dry cabinet, digital dry box, auto dry box, file management, digital dry cabinet and baking dry cabinet with durable quality and competitive pricing.

Epoxies, Etc. is a leading resin formulator of epoxies, urethanes, and silicones. We take great pride in our commitment to the research, innovative development, and consistent manufacturing of materials for today's demanding applications. Our adhesives, potting compounds, and coatings are widely used in the electronic, electrical, construction, and decorative industries.

Global manufacturer and custom formulator of epoxy adhesives EPO-TEK offers a complete line of electrically conductive, thermally conductive, optically clear and photo-curable (UV) materials.

Robotas products help to streamline manual assembly and deliver parts using a guided system with process traceability in high quality, high mix, high and low volume processes for OEM and EMS manufacturers for "through-hole" components.

PCB assembly, inspection and testing needs including box-building and assembly fixtures. Also offers related products such as wash baskets, fingers and nozzles.

Omron offers high quality inspection systems for each stage of the manufacturing process. 3D solder paste inspection, pre and post reflow automated optical inspection systems including full 3D component and solder joint inspection, post reflow automated x-ray inspection with true 3D CT technology. Process monitoring and improvement are provided with Omron Q-up Navi software.

Manufacturer of ergonomic chairs for office, production and cleanroom environments.

Conformal coating dispensing systems, fluid dispensing solutions, and custom automation products for solar, semiconductor packaging, printed circuit board assembly, medical device manufacturing, and consumer electronics.

X-ray systems that feature high power micro-focus x-ray sources up to 130kV, high resolution digital detectors, large inspection stages with 350° degrees rotation, oblique angle inspection, and all of the manual and automated s/w tools you expect in an advanced system are included.

X-Ray Component Management

Sciencscope makes inventory management and component counting faster, accurate and easier than ever before.
