We lost a former member to Covid last week. Gene Valencourt was only in our club for a year but always loved cars and being around car people. Gene lived in the area all of his life, some of us knew him and his family outside of the club. Gene was 61 years old, RIP, Gene. You will be missed by all your friends and family.

**Next Carousel Meeting,
Thursday, August 12

Carousel Cruising to Powerland *2021 Carousel Cruise Chair, Garry Pullen*

Carousel Cruising to Powerland! This is it, the final 30 days or so till our show. We hope to raise lots of money for Family Building Blocks, Honoring Heroes, Camp Attitude, and Marion-Polk Food Share, however, we can't do it without you! We are at a new venue this year so it won't be the same as years past. We need extra parking volunteers, help checking poker hands, and I'm sure there are other areas I'm forgetting at the moment. We have two prep meetings left, one at **Walery's at 6pm in West Salem on the 12th**, and the last one **August 24th at 6pm at the NW Vintage Car & Motorcycle Museum at Powerland in Brooks**. Because we are at a new location I'd like ALL volunteers to attend the last meeting. After a quick general discussion we'll break up into individual groups to familiarize ourselves with the layout and what's expected. Last, but not least, please try to bring your donated items to one of the meetings, if you get a late donation, or are only able to make it the day of the show we'll still work it in. I appreciate all the hard working individuals who have helped get us to this point, thank you all. I also want to thank everyone in advance for what I hope will be a smooth, successful event. If you have any questions please feel free to call, text, or email me.

Kindly,

Garry Pullen

Two Carousel meetings left before the big day, August 12th and the 24th.

Getting to know you: Welcome new Club Member, Terry Fristad

I'm a newbie to the club, but I've been around for a long time. Raised in the area since the 50's. Grew up with KBZY, Four Corners, EJD, and Salem Tech. I have enjoyed custom cars all my life. I remember looking through my Dads hot rod mags, enjoying the sounds of glass packs and seeing hot rods on the streets and at the shows.

My first car was a 50 Ford sedan, with primer patches, bigger tires on the back and a set of glass packs (sounded good in the underpass). I attended Salem Tech and picked up a 66 Sunbeam Alpine (no not a

Tiger). I went into the Army in Air Defense Command serving San Francisco area. I bought a new 69 Dodge Dart GTS, yellow with black bumble bee stripes on the ass end, fun car! After the Army I got a job helping Cities build Comprehensive land use plans, and helped Marion County build it's Solid Waste Management and Recycling programs.

Fun was had in the dirt while my family and I road Trials events almost every week end. I also got into running daily. We ran two mile and 10K runs. I rebuilt an old Harley Sportster and got the bug to ride the highway. I bought a Springe Soft-tail and road to Sturgis. Later got a fat tired Spring Heritage. The next car was an old 66 VW Beatle. You know they say they are easy to work on, but they tell you that you will always be working on them. I then got the car I wanted to build, a 67 Nova Sedan. No, not a SS hardtop, but a car I could make into a hot rod.

I'm retired, I lost my wife, Kay in 2017. My stepson and two grandkids live with me. My stepson was out of work, so I had him help build my hot rod. I'm looking forward to meeting club members and will enjoy cruising with the club in the coming year.

Just a reminder I don't print most of the upcoming show flyers in the newsletter. I try to keep it to club events and club member sponsored events. I do provide links to four calendars below that list upcoming events for many shows in the area. Please check the calendars in the newsletter for a more inclusive list of car events. They may not be all up to date, everyone is just a volunteer that puts it together and they do the best they can with the information they're provided.

Stro's SummerFest Car Show–July 24, 2021

Submitted by: John Stanton

What beautiful day in the neighborhood out at lovely Sublimity, Oregon USA. It was July 24, and a very sunny day, not a tree on the property, but lots of pop-ups. There were 353 cars registered plus probably a couple more that snuck in. Anyway, lots of cars to check out and old friends to visit with, plus food trucks and vendors available. And....someone won a wad of cash in the 50/50, a total of \$696 to be exact. It was a fun day.

Overview with Mark's 55 Ford on the left. *Thank you John for the article and photos below.*
