John Stanton's Bridge Tour

Ray Agen Photos

Cool Desert Nights Richland, WA

Todd Johnson and Jim Schuette photos

We were lining up the cars (from the car club) in preparation for the car show that day. It was early (about 5 in the morning), and we were trying to place the cars about where Mike Vickers had suggested we place them. While John was waiting to spot his '52 Chevy, his fuel pump died. Well, all the guys came to his rescue and pushed his car to a place where it could be checked out. Mind you, the grass was pretty wet and cold early in the morning. Mike Vickers and Dave Cartwright were especially helpful in diagnosing and fixing the problem. Because of the great help that John received, I believe that he was "back in the show" and lined up by about 9:30am.

Todd Johnson

A BIG "thank you" goes out to Richard and Delia Wright (and the guy cooking) for a fantastic 4th of July BBQ. Thanks , also, to all the club members that brought the delicious side dishes to compliment the burgers and dogs. Rich had his shop open and also made it a garage tour. His 31 Ford coupe is really making some progress. Rich is taking welding and fitting lessons on the car from a club founding father, Wayne Coffman. What an artist. Thanks again to Rich and Delia for all the work!

John Stanton organized another covered bridge tour. We met at Pietro's and then took two different routes at first by not listening to John's directions, finally meeting up at a back roads intersection. John's bridge tours are always fun. There had to be about 20 cars going. Also, another garage tour at his house along with the beautiful sunny day he ordered, lots of chocolate chip and peanut butter cookies, and lots of ice cream. There were smiles everywhere...Thanks John.

Our car club has a lot of things happening and I hope you join us for some of the cruises and caravans.

Be sure to check out the clubs website for car shows and cruise that are coming up. Garry is doing a great job of keeping it updated.

Keep cruising,

Ray

The WVSR Carousel Cruise is coming up fast so let's start bringing **new** or **like new** items to the club meetings, these will be raffled off or put into the silent auctions at our Carousel Cruise on August 31st.

The club makes a profit on the raffles & the silent auction items and that will be used to make donations to our favorite charities later this year!

Our raffles and silent auctions are big money makers so let's all participate! Have fun and bring items that will be 'must haves' to someone at the Carousel Cruise!!!

The "A" Project

- # 1 Warren welding up dash.
- # 2 Warren and Jeff leveling up the motor for new motor mounts.
- # 3 Jeff welding the new mounts, the old ones were in the way or the steering.
- # 4 Wayne Coffman, one of our founding fathers, donated a original roof panel at the 4th of July picnic. The one we made did not fit well.
- # 5 Nick sandblasting the dash.
- # 6 Thor and Nick fitting the new panel after trimming.
- # 7 Dash getting sand blasted.

Nick Hoosier Photos

We all had a great time at the WVSR 4th of July picnic,
perfect weather and great company!

Graffiti Weekend Stray Angels Show N Shine

Over 700 Cars this year!

Ken Parsons Photos

Classic Chrome Cruis-In, Donald Hazelnut Festival

The First Annual "Classic Chrome Cruise-In" was added to the Donald Hazelnut Festival on July 13. WVSR members: Dayle Langley, John Stanton, Tom Harris and Jim Palmquist attended and all agreed it was a great little event and they would be back again next year. The folks in the tiny community of Donald really know how roll out the red carpet! About 60 cars were on exhibit and some joined the parade. No entry fee was charged tickets were given to car exhibitors for free bar-becue and drinks. The music in the beer garden was great.

Member Profile : Bruce Reynolds

It was interesting to read this profile! Airplanes are not my thing, but I have to give kudos to anyone who will build one and actually FLY it...anyway, Bruce has done just that!

Carole, Bruce's wife since 1967, has probably been saying to him "I am not getting in that!" No, just kidding. She does ride in those nice classics they have I am sure. Bruce and Carole have a 1941 Ford Tudor and a 1957 Ford Ranchero Street Rod.

Tom Harris introduced Bruce and Carole to WVSR (thanks Tom), and they have been members for 2 years. We are looking forward to many more. Also a member of the Early Ford V8 club, Tom is one active guy. (Like I said, he built an airplane for goodness sakes!)

When I asked them to "...tell us something about yourself", this is what Tom wrote:

"Carole and I flew our own plane (not the one I built, a Piper Tri-Pacer) to New York. In 1993 we flew across 20 states and down the Hudson River, circling the Statue of Liberty and taking many pictures, including those of the Twin Towers. Not allowed to do that today"

Tom retired from ADEC (a dental equipment manufacturer). Guess his job as a toolmaker and engineer was just getting in the way of all those trips (ya think)? He also retired from Van's Aircraft where he was a demonstration pilot and manufacturing support person. Carole is retired from the Salem Area Chamber of Commerce.

Owner of Bruce's Machine Shop, LLC, this busy man also does gunsmithing and holds a

Federal Firearms License. (Not easy to get one of those these days!)

Now to my favorite question: What was your most embarrassing moment? I Tom's own words " When introducing my wife I forgot her name!" Well we know her name, so when you get a chance, drop by their place at the meetings, or a car show somewhere and say hi. These are truly nice people!
