Stayton Summerfest

Long time member of WVSR, Ron Stogsdill passed away on June 26th

Here we are in the 3rd month of Summer with a lot of car shows passed by with many more to come in the remaining summer.

A lot of our members have taken home awards in many categories such as Best Paint, Best Interior, Best of Show, etc. Way to go members! We also have come home with a couple of Club Participation awards.

In mid-August, Jeff Foster will be leading a group to Bonneville, Utah for the Speed Trials which should be a great and exciting adventure. There are a great number of shows in August to attend, both local and short distance locations for those who choose to attend. Our club event, the Carousel Cruise is being held on August 30th which is Labor Day Weekend. It has all the makings for a great show with a large amount of vendors, 65 trophies to be given away, a great selection of items for the silent auction and raffle. Hope to see many members participate and volunteer for this great Club sponsored event.

Everyone have a great month and enjoy all that comes your way!!

A-Project Fund Raiser

Kruise of Klamath

On a rainy Friday morning 14 of our cars set out for Klamath Falls. By the time we stopped for lunch in Oak Ridge the sun was out. After lunch we stopped at Collyer Park to enjoy the outdoor logging museum for a few minutes and regroup. It took Jim and Carolyn Walz and some others traveling with them a little longer to get there, their 39 chevy was leaking oil so they could only go 40 mph. We were able to slow down the leak so they could continue at normal speed. We arrived in Klamath Falls, picked up our event packets, and checked into our motel.

Later that evening we went downtown for the barbeque dinner. There we spotted Russ & Margie, Laren & Betty, Ron & Ann, and Ken & Vicki. They had arrived a day ahead of us to help Russ DJ the event. After dinner many of us celebrated Lynda Agen's Birthday in the parking lot [what a great gal], We enjoyed cake and wished her Happy Birthday. Then after looking at some of the cars in the parking lot, we went to the motel.

The next morning we all went to Moore Park for the car show. Nearly 500 cars were there on the grassy slope, many vendors and a small swap meet in progress. Later there were two 50/50 drawings for about \$700 each. We didn't win money but Laren Srb, Jim Schuette, John Palmer, and Dave Cartwright all won awards for their cars and truck.

Later that evening we enjoyed cruising the downtown area with all of the rest of the event cars. The sidewalks were packed with spectators enjoying the cars.

Many club members told me that they enjoyed the trip. We had 15 cars, one bus, and 40 people, I would call it a big success. If you haven't done a WVSR road trip you owe it to yourself to try it out. It's a great opportunity to get to know other members much better and meet new people in our hobby. I thank all who participated

Hot Rod, Rat Rod, or Jalopy?

The minute you see it you get this little smile on your face. When you get closer, you see the big smile on *his* face. I am talking about Ken Parsons and his "finally on the road" 1929 Model A jalopy. To some, jalopies and rat rods are just "a bunch of junk cars", but if the Rust-o-Rama show this weekend at the Oregon State Fairgrounds was any indication, there are a lot of folks who LOVE "junk cars"!

It takes a certain type of person to love those rat rods and jalopies. First requirement is a sense of humor! Ken said "I took it for a test drive, and the dynamite box I was sitting on slid out from under me. I had to hang onto the steering wheel and try to get the thing stopped. I

wasn't scared, it was a blast! I laughed so hard!" Ken has been working on his Model A for a few years now. He and his wife Lynn brought it back from Sutherlin Blackberry Festival on a car hauler. He painstakingly began the task (oh yeah, more like the fun of) building the undercarriage to be safe and sound. Ken is an amateur machinist; so many parts were fabricated by Ken himself. When you ask him, he will tell you all the particulars of all that stuff no one can see, but to this guy, it had to be done "just right".

Sporting two turquoise and white boat seats atop the turned over dynamite boxes, an old electric line insulator for a gear shift knob, a glove box that more resembles a map tube; this little cutie is so fun to look at! I see something different every time I go around it. Coffee cans for metal patches, a genie's lamp on the top of the hood just under the windshield, and of course the hula girl swaying to the wind on the dashboard.

You will have to get with Ken and ask about that 221 engine, the suspension, and naturally the way it sounds. Boy, does it sound good! The one good thing about this junk car is it is fun, don't have to spend time polishing and worrying about a scratch, it is simply a fun "junk" car to take to the Blue Moon or Stros. Very cute Ken, I especially like the sprinkler on the radiator cap!

Dayle Langley, WVSR Member-at-Large

Looks like your up to bat! It's shaping up to be another Great Carousel Cruise and to make it even better we need your help. As you know we are always looking for silent auction and raffle items in new or like new condition. We had great success with the Silent Auction in the past and is a great way to help charities we support. Bring your items to the next club meetings and even the day of the cruise, its never to late.

Now the business end, we have lots of opportunity to show your stuff, there are many small jobs that will need to be filled through out the day as they pop up, be ready jump into action and enjoy the day. I can say we have the best club around and lets show everyone else what a great time this is.

If you have any sponsors lined up please bring with you to the next meeting as Warren and Linda will need them. Time to bring your name badge so I can call on you !
