# Dan Judy Automotive Shop Tour

Dan Judy was in top form as he prepared to show the Willamette Valley Street Rods how he "Dyno tunes" a vehicle. There were 44 in all, hovering around the 10 foot deep dynamometer pit, watching as the car belonging to club member Jim Walz was strapped down. What a terrific shop tour!!

## Member Profile: Ken and Vicki Champ

February 17th will mark the 46th wedding anniversary for Ken and Vicki Champ. They were high school sweethearts while attending Stayton High school, but most of their dating time was spent in the "shop" working on cars. They married after college and "Vietnam" (thank you Ken). Ken taught Vicki to drive in Ken's '53 Ford (mine was a '52 Vicki), and they both learned to ski behind Ken's 12 ft. Mahogany boat. Ken turned Vicki's first car ('65 Mustang) into a race car which she drag raced at Lion's Drag Strip while Ken was stationed in Long Beach, California. According to Vicki "Ken was always into fast cars and boats. He put a 454 big block Chevy with NOS into the family ski boat. He was crew chief for his cousin when they raced flat bottom boats and a "capsule" boat up and down the West Coast. Ken later became crew chief for a friend that had an AA gasser Studebaker that they raced in both Washington and Oregon".

Currently the Champs are having fun in Ken's 1931 Ford (purchased in 1994) and Vicki's '65 Mustang that she purchased in 2012. At the Winter Rod and Speed Show, they showed the 31, and Ken told me "... she did all the work!", but Vicki quickly remarked that she had only detailed it for the show, and that Ken had made all the modifications to the car. It is beautiful in any case. I could really see the love story behind these two sweet people. Ken just sat back in his chair and had a big smile on his face as folks admired the car.

Ken retired from Garman AT, and Vicki from the Greater Oregon Chapter of the Appraisal Institute, an association for real estate appraisers. They have been members of the Willamette Valley Street Rods for 10 years after moving to Salem. They also belong to an "unofficial car club" called "RoadKill Kruzers". Vicki says that membership in the club is "...contingent on how many seats are on Russ and Margie's "short bus"!

Vicki volunteers her time with Family Building Blocks, and says she was "compelled" to do so after attending an Auxiliary meeting. She became interested while delivering the Willamette Valley Street Rod donation one December. She is also a volunteer with the club as the Member Care Coordinator. Ken volunteered for the Lion's Fire Department for 28 years and chaired the boards of the North Santiam Credit Union and the Stayton High School. As a firefighter and EMT, Ken is responsible for the building of the new fire department building.

Ken and Vicki have two daughters and three granddaughters, and Vicki says she is glad that their dance team and gymnastic competitions are not during "car show season".

I personally have enjoyed reading and writing this profile. This couple is the American Dream, and we are very proud to have them as fellow members. Go greet them and tell them how much you enjoyed reading their story.
