

## **Art Club**

Art Club held its last session on Wednesday 30 October 2019 after 8 happy years operation. The statistics of number of sessions, people attending etc don't do justice to the many happy hours that we were able to enjoy the shared experience of producing art work.

There were many memorable moments - trips to exhibitions, visits to artists studios and the pleasure of working from hawks, owls and roosters in the village hall. But the culmination for me was the successful exhibition of members' work held at the Westacre theatre gallery in 2019.

Thank you to everyone who contributed to the success of the club over the years.

Ralph Sliwa
