

Flexible Instruction Day School Work
Third Grade
April 13-16

As much as I would love to see the kids every day, circumstances have caused the regular school day to change for a period of time. With this happening I am asking for your help to continue your child's growth academically. Below are the guidelines to follow. I kept them to the most important skills we need to keep growing.

Try to stick to a routine. Carve out a time during the normal hours of the school day to have your child complete these tasks. It should only take them 1-1 1/2 hours to complete. You know your child and if they can handle it all in one sitting. We transition between things throughout the day, so sitting for the entire time might be tough for most.

These are the requirements built around the Pennsylvania Department of Education guidelines to count attendance for the school day. I have also included links on my webpage www.omphgrade5.webstarts.com/ if you are looking for other ways to keep your child engaged during this time away from school.

Please contact me by email with any questions.

	MONDAY	
Subject	Assignment	Items needed
Religion	Watch Brother Francis Easter video: https://www.catholicbrain.com/edu/videos/818304/1/he-is-risen	internet/device to open video link Catholic Brain Username: eeberly Password: 2 nd *Grade
