

**PUBLIC NOTICE-CUSTOMERS OF  
CAMP BRANCH BAPTIST CHURCH  
FAILURE TO MEET MICROBIOLOGICAL MONITORING  
REQUIREMENTS FOR DRINKING WATER**

**Este informe contiene información muy importante sobre su agua potable. Tradúzcalo o hable con alguien que lo entienda bien.**

We are required to monitor your drinking water for specific contaminants on a regular basis. Results of regular monitoring are an indicator of whether or not our drinking water meets health standards. During **March 2022**, we did not complete all monitoring or testing for total coliform, and therefore, cannot be sure of the quality of our drinking water during that time. This is a violation of Missouri Public Drinking Water Regulations.

Although this incident was not an emergency, as our customers, you have a right to know what happened and what we did to correct the situation. Please share this information with all the other people who drink this water, especially those who may not have received this notice directly (for example, people in apartments, nursing homes, schools, and businesses). You can do this by posting this notice in a public place or by distributing copies by hand or mail.

Provide explanation of cause of monitoring failure:

*Volunteer believed that it had been done -*
