

Vocabulary Words

Chapter 3

Abiotic Factor

Aphotic Zone

Autotroph

Biogeochemical Cycles

Biomass

Biome

Biosphere

Biotic Factor

Chemosynthesis

Climate

Commensalism

Community

Competitive Exclusion Principle

Consumer

Denitrification

Ecological Pyramid

Ecological Succession

Ecology

Ecosystem

Estuary

Food Chain

Food Web

Greenhouse Effect

Habitat

Vocabulary Words

Chapter 3

Herbivory

Heterotroph

Keystone Species

limiting Nutrient

Microclimate

Mutualism

Niche

Nitrogen Fixation

Nutrient

Parasitism

Photic Zone

Photosynthesis

Pioneer Species

Population

Predation

Primary Producers

Primary Succession

Resource

Secondary Succession

Species

Vocabulary Words

Chapter 3

Symbiosis

Trophic Level

Weather
