*The Munns Family  
Welcomes You to Our  
23rd Annual Production Sale!!!*

**Saturday September 5<sup>th</sup> 2020**

**Preview 11:00 & Sale Time 1:00**

**Madison County Fairgrounds**

Wow... what a wild year it has been! I am sure we are not alone when we say we are happy to have 2020 winding down and hope that the new year comes with less challenges. The big question for us this summer has been "should we have a sale or not"?? We have plenty of horses and it seems we still have people interested in coming to see them... so we decided to go ahead and have a live sale like normal. We will exercise caution as we proceed, but we feel we are going to be able to move forward safely and we are excited to do so!

We hope you enjoy your day with us and are pleased with the stock we will offer. The sale will be held at the Madison County Fairgrounds in Rexburg, Idaho. The babies will be available to view about 11:00, at that time we will start the day off with a preview of the saddle horses as well. This preview is a great opportunity for potential buyers to see which horses really fit them best. Cattle will be available to show the rope and ranch horses on. We will take a few minutes following the preview to regroup and the sale will be held at 1:00 sharp. We recognize the fact that life is busy and that some people will be uncomfortable in a public setting this year... therefor we do accept absentee bids as well as offer the opportunity for customers to bid over the phone. It is not problem free and you do run the risk of a dropped call or a poor connection causing interference. We do ask that a refundable deposit be sent when registering to phone bid. Check with us if you are planning to bid this way and we will do what we can to make sure everyone is given an opportunity to buy their unicorn!

In 1961 Keith Munns along with his father, purchased a Montana Ranch on Hebgon Lake. A year later he married his wife Ruth, and they started a family of their own. All of their life they have been involved in the livestock industry. Keith is an accomplished auctioneer. He sells the local livestock auctions, as well as handling various horse sales, estate sales, farm machinery auctions, etc. At one time they co-owned the Rexburg Livestock Auction along with Keith's brothers, and ran cattle of their own for a number of years. Although other avenues have supplemented their income from time to time, Keith's passion has always been his horses!!! Keith and Ruth have raised 2 children, and the family has been based around the horse world in one way or another from day one. They were involved in everything from chariot racing, ranching, team roping, calf roping, penning, barrel racing, and even ran a few horses on the flat track. It was pretty hard to be raised in the Munns Family and not catch the "horse fever".

Their son Jeff enjoyed chariot racing with his dad when he was young. He spent his younger years riding colts and several years riding pens in a feedlot which really made some good horses. Jeff has 3 children, Kolton, Kassie, and Katie. He and his son Kolton have enjoyed many hours together team roping. They both work on the ranch with Keith, helping with the farming and the horses. They spend a lot of time handling the young horses and getting them broke to lead. Come sale day we all appreciate the effort that they have put into making these babies gentle and good to handle. It sure makes things go smoother at the sale and gives the buyer's a head start. Both girls have completed their schooling in Twin Falls. We are so proud of them for persevering and furthering their education. Kassie is now married and starting a little family of her own. She has a saucy little girl who we have all enjoyed spoiling just a little!!

Both girls have settled in Twin Falls for now. Katie is working as a nurse and just bought her first home this summer... somehow she still manages to hold down a part time job of "Best Aunt Ever", spoiling baby Aspen rotten during her time off.

Keith and Ruth's daughter Becky, followed in her dad's footsteps and loved the horses from day one. She married Dan Miller and they have 3 children; Breanna, Ty, and Charly. They are fortunate to share many common interests, all centered around the horses. They run a herd of their own cows on a forest allotment in Spencer, ID so they have also taken on the job of the Range Rider there, signing their geldings up for a "full time job". It has added to the hectic lifestyle they lead, but has worked out good. They both enjoy making a nice saddle horse, and the more cow work they can give one the better they like it. Breanna survived her freshman year at Montana Western and will be returning this fall on a rodeo scholarship. She is excited to "hopefully" get back to a normal rodeo season. She is fortunate to have several awfully nice horses going with her. One of which will be our Frenchman's Guy stallion, and she breakaways on a fancy roan daughter of our High Rolling Rimrock stallion. It has been very rewarding to watch her succeed on horses out of our program.

Ty is now thirteen. He still prefers to help Grandpa, Jeff, or any willing neighbor with their farming over the horses. However, he and Charly both have spent a lot of the summer riding in Spencer too. Charly is 9 is following in her sister's footsteps. She won her first Girls All Around buckle at the County Fair last year and that definitely put a little fire in her. Breanna lets her tag along to all the jackpots, and she is thrilled to be old enough to go. She loves the horses as much as any of us and has rode a big share of the geldings that are in the sale while working with us on the forest. She is turning into quite the little cowgirl.

Keith and Ruth have dedicated 50 years to consistently breeding versatile using horses, sound of foot and mind, with conformation, eye appeal, and color as a bonus. Keith has always felt that a high quality broodmare band is a critical part of any breeding program. He strives to maintain a fancy set of mares that will enhance the qualities he is trying to produce in a foal. Each year Keith keeps a few replacement fillies that he feels will better the program. His Driftwood bred mares have proven to really cross well with several of the Hancock bred stallions we are currently using and our Blue Bird daughters have sure been good producers as well. We are really excited about our current stallion power. Find more detailed information on each stallion through the next few pages, and even more stallion pictures on our website at [threebarquarterhorses.com](http://threebarquarterhorses.com).

We feel strongly that a production sale must be well represented. We stand behind our horses and enjoy the friendships established while doing so. It is important to us that people can buy at our sale with confidence. We recognize that every horse will not fit every person, but we are committed to helping you find the right horse for you... the one that will fit your needs and lifestyle. We are bringing a set of horses to town that we feel have the capabilities necessary to create happy customers. We have less saddle horses than normal in the sale this year, but we are real happy with the quality that we have to offer. There will be a good variety... something for everyone! Come visit with us and we will help you decide which horses fit you best! Most of the saddle horses have extensive videos which should help potential buyers do their homework as well.

We are pleased to have a few of Shiner's horses in the sale again this year. They have a nice son of Paddy's Irish Whiskey that has been doing a great job for them and also a new stallion that is a Gallo Del Cielo bred horse. They have brought several colts sired by the new stallion, and one baby from their Paddys Irish Whiskey stallion. We are happy to do business with their family. They are honest, trustworthy people, and good horsemen. We are sure you will find the same in dealing with them.

We are looking forward to a fun day full of good horses, good people, and good old fashioned western atmosphere!! Come spend Labor Day Weekend with us!!

# One Famous Frenchman

*Munns Reference Sire*

We feel so fortunate to have *One Famous Frenchman* as a member of our breeding program. We are looking forward to what a little running blood added to our working horses might do for us. We are excited about the possibilities and feel that we might compliment both types of horses with the combination. Our 2018 foals were the first babies he produced. We kept a couple back so that we could ride a couple of them. So far they are showing us they are smart, gentle, and eager to please! We are so excited to see what the future holds. *One Famous Frenchman* is a big pretty individual with good muscling and as keen a head as you will ever find on a *Dash Ta Fame* bred horse. He is a very unique color too... An ever changing golden buckskin to nearly black at times. He has a big full mane and tail and an overall striking presence. He was in training with Kelly Conrado to futurity and was injured as a 4 year old. That changed the course of his career as he had to have a year off. When he healed they started heading steers on him and made the decision to pursue that direction. He is the makings of a wicked head horse!! He can flat run, and has a lot of cow too. As good of mannered stallion as I have ever been around. When we are riding him he is all business. Just the way we like one to be!! An own son of *Frenchmans Guy* and out of an own daughter of *Dash Ta Fame*.

# Latigo Leo 1501

*Munns Reference Sire*

Nice young stallion that is pretty new to our program. This is the second set of babies by him... and we LIKE what we see! Lots of colored colts with conformation, and they seem to be smart. Breanna has rode *Leo* a fair bit and he definitely shows us more talent than the average horse and has a great disposition. He is a very pretty horse. Lots of shape, a keen head, and a nice size. He has all the tools to be a top end rope horse! 15 hands and will weigh 1200#, popular creamy buckskin coloring as well.

# High Roan Mist

3

## **Munns Reference Sire**

*High Roan Mist* stands a strong 16.1 and will weigh 1400 lbs. Good withers, deep girthed, sturdy bone and foot. He is by a double bred *High Rolling Roany* stallion and out of a mare that goes back to *High Rolling Roany* as well. They are noted for being rugged, tough, old style type horses that make sturdy ranch horses. Lots of bone, foot, and size. The kind that stay sound and stay tough late into life. Many have went to the arena as well as making a reputation as phenomenal ranch horses. They are making rope horses, pickup horses, and just good all-around using horses.

# High Rolling Rimrock

## **Munns Reference Sire**

*Rimrock* is an extremely gentle stallion with a kind disposition. Kolton started him as a 2 year old and he has been problem free right from the start. The nice minded kind that will ride off with no fuss, regardless of the time of year and go do about any job. We have branded on him and heeled on him a little too. He is very cowy, intelligent, and really willing with a big stop. We like his conformation as well. He is a nice headed horse with a good hip, dark solid feet, and he is well balanced. Out of a double bred *High Rolling Roany* daughter. We are looking forward to his future, and feel that he could have a big impact on our horse program. We have rode some of his offspring for several years now and are finding that same ability and trainable dispositions in them. Breanna has a young *Rimrock* mare that is out of a *Blue Bird* daughter she has been rodeoing on the past year. She is one of those special kind that gives 110% every time and has plenty of talent to go along with her try. She is cowy, runs hard, stops even harder, and is level headed. Besides being gorgeous!! Good training is a big part of a success like this, but natural ability certainly plays a big role as well. There are several nice *Rimrock* babies in this years sale!

# Hancocks Blue Bird

## Munns Reference Sire

Becky started *Blue Bird* as a two year old and loved him right from the beginning. He has an unbelievable disposition. Very kind and gentle. If you go out in his set of mares he is the first to look you up and want some attention. We have used him as a saddle horse during breeding season and he rides off like an old gelding that never had a day off. We have rode a lot of his colts and have a bunch of his daughters in the broodmare band. They are gentle natured just like their daddy. They have a lot of eye appeal and are up on legs good. Typically favorites of the general public because of how user friendly they are. *Blue Bird* himself is a big horse. A strong 16 hands, with a big heavy bone structure under him. He has that old foundation that we are trying to breed back into today's horses. They are the kind that stay sound and hold up under hard use.

# Handmade Hancock

## Munns Reference Sire

Handmade daughter

We raised this stallion and used him for several years, then sold him to a big ranch in TX, and recently we were fortunate enough to buy him back. We are thrilled!! We questioned ourselves as to WHY we ever sold him in the first place. He is an own son of *Leo Hancock Hayes*. Big, sturdy build, shapey, true blue roan, balanced, and a good mover for such a big horse. He has produced some real athletes that are good travelers, cowy, and real sound minded. We are so pleased to have him back and a part of our breeding program. We used him on a good set of mares last year, and again this year. We are really looking forward to seeing how they all grow up!!!

# Dashof Irish Whiskey

Y

## Shiner Reference Sire

*Whiskey* is an own son of *Paddy's Irish Whiskey* and out of a *First Down Dash/Doc O Dynamite* mare. *Whiskey* has been a great producer of performance horses, ranch horses, and great producing mares as well. They are really athletic, full of cow, and want to be gentle with real trainable minds.

# Expert Decision

## Shiner Reference Sire

The Shiner Family purchased *Expert Decision* from the Pitzer Ranch as a yearling. They were looking for a nice stallion that they feel would cross well on their *Paddy's Irish Whiskey* mares. He has the mind, athleticism, and conformation to excel in and out of that arena. The foals he has on the ground now are looking real good. They are showing his conformation and seem to have good minds. Shiner's are excited to have the opportunity to ride a few of his babies this year. His oldest foals are just coming 2 year olds in 2020, so it has been fun get them started and look forward to putting them in the work force.

Very responsive to leg pressure, is soft in the face, and has a lot of tools to work with when you go to teach him something new. Very pleasant personality. Friendly yet respectful of your space. Shiny coal black and pretty as he can be. Very smooth moving horse. His sire is a 3x World Champion Western Pleasure horse. Pretty cherry sorrel and proof that good things can come in small packages. "*Heff*" is not very big, but he makes up for it in grit. He is big hearted and will put in a big day on the forest just like any of the others and stay tough until the job is done. Pretty far along to rope on for a 4 year old. They have doctored outside on him, branded calves, and heeled steers in the arena too. He would make an overnight breakaway horse also if that is what you wanted to do. He is gentle for most anyone. Not lazy, but respectful and kind for sure. Rides one handed and uses himself real good. Has always been a natural stopper, is cowy, and has a lot of natural rate. *Heff* knows how to get through the rocks and brush with ease and keeps up to the big horses all day. Stands 14 hands. Cute conformation. Video, 208-221-1090

Blue Bird gelding that is out of a good Docs Amberjack daughter. Cowy and very solid to use on the ranch. He has had a full time job most of his life and is reliable. Dark feet all the way around. Sound and is the type that should hold up to years of hard use. 15.2 and will weigh 1200# or better. Comfortable gait and a nice traveler at a walk or long trot. He can cover a lot of country in a day. Nice to brand on or doctor calves, etc. Not a dead head, but he is sure gentle and kind. Our kids have ridden him on the forest and get along good. I would sure feel good about an older horseman that needs to stay safe owning him. Rides in about any bridle and is easy to ride. Soft and broke good but doesn't require an owner's manual to operate. Has roped a few out of the box and would go right to it if that is your goal. Quiet and polite to bath, shoe, haul, etc. Video will be available or for questions call 208-221-1090

"Pepto" has been my main horse the last year or better. I branded a ton of calves on him this spring and he fits me so good that I wish I could justify keeping him. He is super easy to get along with. Simple to ride, gentle, yet not dead headed so he is still fun and athletic. He uses himself good and is extremely cowy. Picks his way through rough country well and has a nice work ethic. Charly has ridden him on the forest as well and gets along great. We have primarily used him outside, but it wouldn't take 10 minutes to get him heeling or roping calves out of the box. Very level headed and simply wants to get along and please you. Lots of eye appeal and a nice size. Right at 15 hands and stout. Easy for an older person to get on, yet strong enough to pack a man for the day with no trouble. Questions 208-221-1090

Besides that... I didn't really want to take the time to redo these pictures this year!! Breanna will be returning to Montana Western this fall on a rodeo scholarship.
