Saturday September 3rd 2022
Preview 11:00 & Sale Time 1:00
Madison County Fairgrounds

We hope you enjoy your day with us and are pleased with the stock we will offer. The sale will be held at the Madison County Fairgrounds in Rexburg, Idaho. The babies will be available to view about 11:00, at that time we will start the day off with a preview of the saddle horses as well. This preview is a great opportunity for potential buyers to see which horses really fit them best. We will take a few minutes following the preview to regroup and the sale will be held at 1:00 sharp. We recognize the fact that life is busy... So in case you aren't able to be at the sale we do accept absentee bids as well as offer the opportunity for customers to bid over the phone. This option is not problem free and you do run the risk of a dropped call or a poor connection causing interference, but we will sure try! We ask that a refundable deposit be sent when registering to phone bid unless you are a past buyer with prior approval. Check with us if you are wanting to phone bid and we will do what we can to insure everyone is given an opportunity to buy their dream horse!

In 1961 Keith Munns along with his father, purchased a Montana Ranch on Hebgon Lake. A year later he married his wife Ruth, and they started a family of their own. All their life they have been involved in the livestock industry. Keith is an accomplished auctioneer. He sells the local livestock auctions, as well as handling various horse sales, estate sales, farm machinery auctions, etc. At one time they co-owned the Rexburg Livestock Auction along with Keith's brothers and ran cattle of their own for a number of years. Although other avenues have supplemented their income from time to time, Keith's passion has always been his horses!!! Keith and Ruth have raised 2 children, and the family has been based around the horse world in one way or another from day one. They were involved in everything from chariot racing, ranching, team roping, calf roping, penning, barrel racing, and even ran a few horses on the flat track. It was nearly impossible to be raised in the Munns Family and not catch the "horse fever".

Their son Jeff enjoyed chariot racing with his dad and rode colts for a number of years. He also spent a few years riding pens in a feedlot which really made some good horses. Jeff has 3 children, Kolton, Kassie, and Katie. He and his son Kolton have enjoyed many hours together team roping. They both work on the ranch with Keith, running the farming and helping with the horses. They spend a lot of time handling the foals and getting them broke to lead. Come sale day we all appreciate the effort that has put into making these babies gentle and good to handle. It sure makes things go smoother at the sale and gives the buyer's a head start.

Kolt is currently busy starting a family of his own with fiancé Jennica Nef. We will be celebrating a 1st birthday for their little girl this month. Its pretty crazy what one year can change!! Their little Rynlee has her dad completely wrapped around her little finger!

Kassie and her husband Kyson live in Twin Falls. They have a little girl, Aspen, that turned 3 this spring. She is a spit fire that keeps us on our toes and thrills us with her already obvious LOVE for the horses. She loves everything "farm life" and has been a total joy for us all! They added another beautiful baby girl to the family this year as well, Kobe Kassidy.

Katie married Jade Wadsworth last year and he is currently working on the Gamble. She is staying more than busy trying to balance married life while working a full- time job as a nurse and still going to school on the side, and maybe sneaking away to see her husband occasionally. And as if that is not enough... now they are also adding a new baby to their crazy life!! But we wouldn't have it any other way, we are all super happy for them and know they will find a way to balance it all, and do it well!

Keith and Ruth's daughter Becky, followed in her dad's footsteps and loved the horses from day one. She married Dan Miller and they have 3 children; Breanna, Ty, and Charly. They are fortunate to share many common interests, all centered around the horses. They run a herd of their own cows on a forest allotment in Spencer, ID so they have also taken on the job of Forest Allotment manager, signing their geldings up for a "full time job". It has added to the hectic lifestyle they lead, but has worked out good. They both enjoy making a nice saddle horse, and the more cow work they can give one the better they like it.

Breanna is currently spreading her wings and venturing away from home. She has spent the summer in Stephenville, TX and as much as she loves to rope maybe that is the place to be for a while! She is always busy working on her next greatest horse and has some nice ones in the works. We are proud of the horseman she has become and her drive to always want to become "better" at whatever she is doing.

Ty is 15 now. He helps his dad on the forest allotment some, but he has spent most of his summer break working for a big hay farmer baling and hauling hay. He must truly love it to put in those 15 hour shifts and bale all night! He has sure learned a lot about farming and work ethics both. Charly is 11 going on 15! She loves the horses as much as any of us. It is unbelievable what a year of riding has done for her. She has trained her own little barrel and pole horse that has turned out to be extremely nice, and she has also started breakaway roping this year and is proving to be a complete natural! She is looking forward to Junior High Rodeo this year!

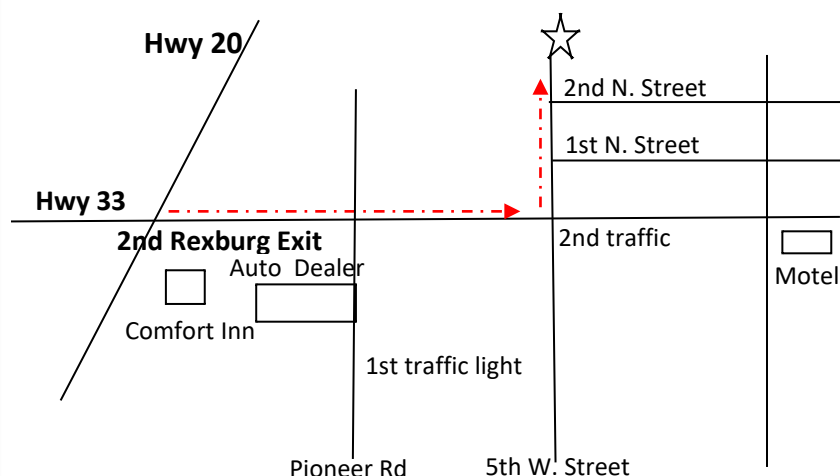

Keith and Ruth have dedicated 50 years to consistently breeding versatile using horses, sound of foot and mind, with conformation, eye appeal, and color as a bonus. Keith has always felt that a high-quality broodmare band is a critical part of any breeding program. He strives to maintain a fancy set of mares that will enhance the qualities he is trying to produce in a foal. Each year Keith keeps a few replacement fillies that he feels will better the program. His Driftwood bred mares have proven to really cross well with several of the Hancock bred stallions we are currently using, and our Blue Bird daughters have sure been good producers as well. We are really excited about our current stallion power. We have made a couple new additions recently that we are enthused about. Find more detailed information on each stallion through the next few pages, and even more stallion pictures on our website at threebarquarterhorses.com.

We feel strongly that a Production Sale must be well represented. We stand behind our horses and enjoy the friendships established while doing so. It is important to us that people can buy at our sale with confidence. We recognize that every horse will not fit every person, but we are committed to helping you find the right horse for you... the one that will fit your needs and lifestyle. We are bringing a set of horses to town that we feel have the capabilities necessary to create happy customers. This year there are only a dozen riding horses in the sale, but they are some of the very best we have had. They range from well started geldings to solid ranch horses that will fit the whole family. There will be a good variety... something for everyone! Come visit with us and we will help you decide which horses fit you best! Most geldings have extensive videos which should help potential buyers as well.

We are pleased to have a few of Shiner's horses in the sale again this year. They have a couple new stallions, one is a Gallo Del Cielo bred horse, and the other is a Hickory Holly Time son. They are bringing a couple colts by each of the 2 stallions, so that is exciting to see what they are producing. We are happy to do business with their family. They are honest, trustworthy people, and good horsemen. We are sure you will find the same in dealing with them.

We are looking forward to a fun day full of good horses, good people, and good old fashioned western atmosphere!! Come spend Labor Day Weekend with us!!

Good Horses make Good Kids!

One Famous Frenchman

Munns Reference Sire

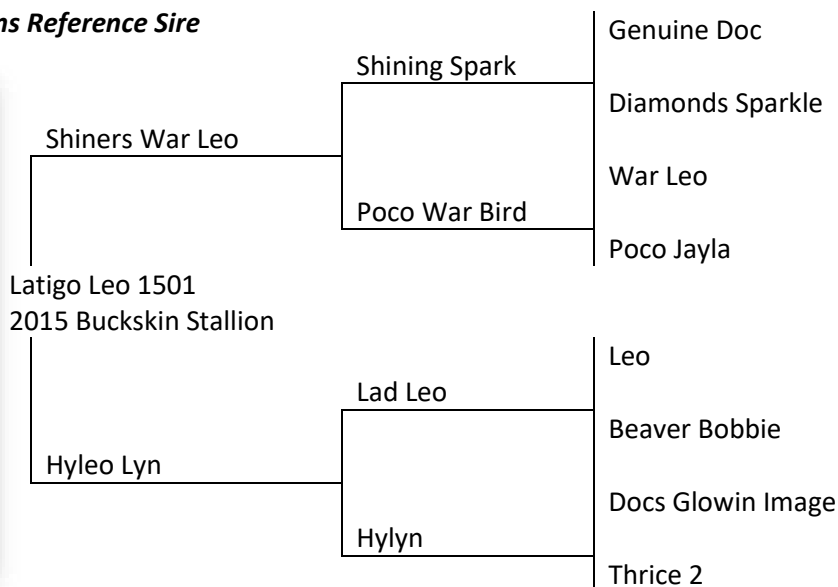

We feel so fortunate to have *One Famous Frenchman* as a member of our breeding program. We are looking forward to what a little running blood added to our working horses might do for us. We are excited about the possibilities and feel that we might compliment both types of horses with the combination. Our 2018 foals were the first babies he produced. We have tried to keep a few back each year so we can see how they mature both physically and mentally. So far they are showing us they are smart, talented, and eager to please! He is a big pretty individual with good muscling and as keen a head as you will ever find on a *Dash Ta Fame* bred horse. He is a very unique color too... An ever changing golden buckskin to nearly black at times. He has a big full mane and tail and an overall striking presence. *One Famous Frenchman* was in training with Kelly Conrado to futurity and was injured as a 4 year old. That changed the course of his career as he had to have a year off. When he healed they started heading steers on him and made the decision to pursue that direction. He is the makings of a wicked head horse!! He can flat run, and has a lot of cow too. Very nice minded stallion.

An own son of *Frenchmans Guy* and out of an own daughter of *Dash Ta Fame*.

Latigo Leo 1501

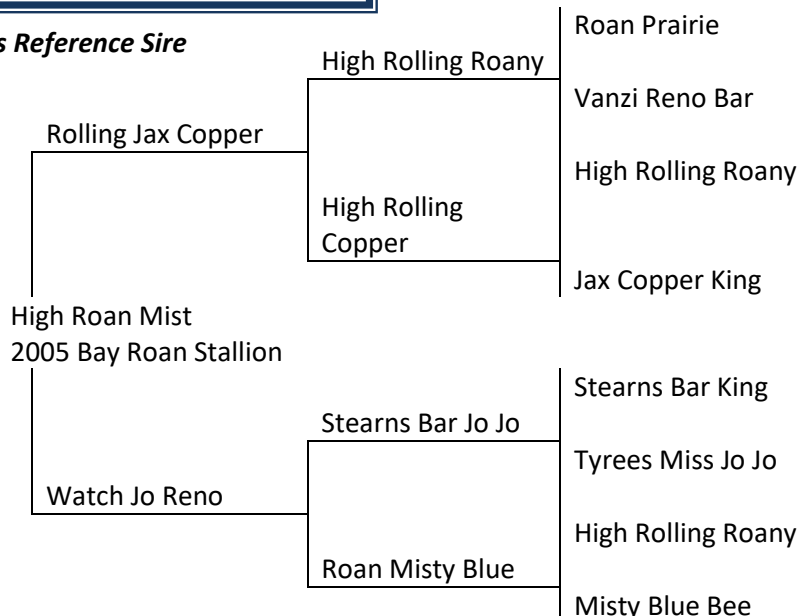

Munns Reference Sire

Nice young stallion that is producing lots of colored colts with conformation, and they seem to be smart too. Breanna has rode *Leo* a fair bit and he definitely shows us more talent than the average horse and has a great disposition. He is a very pretty horse. Lots of shape, a keen head, and a nice size for an "all-around performance horse". He has all the tools to be a top end rope horse! His babies appear to be easy to start and athletic, we are excited to get to ride a few in the upcoming years. 15 hands and will weigh 1200#, popular creamy buckskin coloring as well.

High Roan Mist

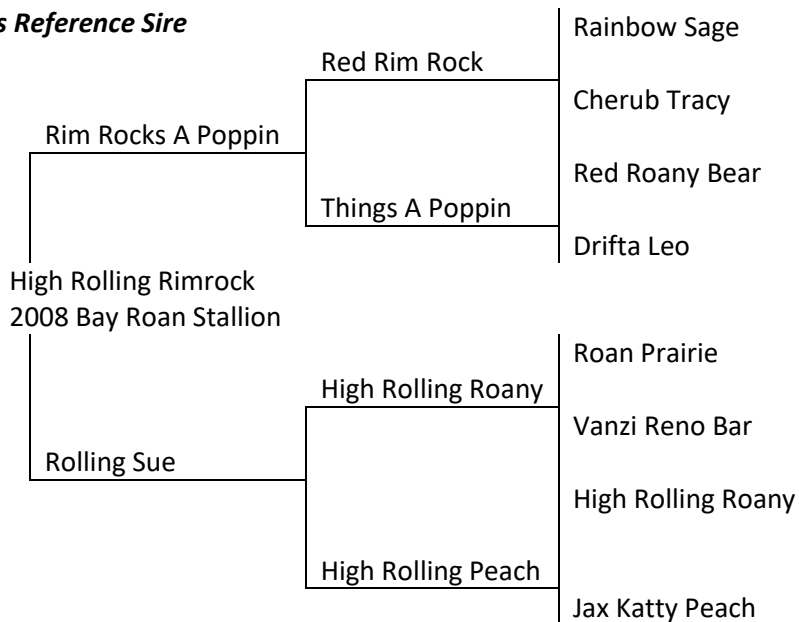

Munns Reference Sire

High Roan Mist stands a strong 16.1 and will weigh 1400 lbs. Good withers, deep girthed, sturdy bone and foot. He is by a double bred *High Rolling Roany* stallion and out of a mare that goes back to *High Rolling Roany* as well. They are noted for being rugged, tough, old style type horses that make sturdy ranch horses. Lots of bone, foot, and size. The kind that stay sound and stay tough late into life. Many have went to the arena as well as making a reputation as phenomenal ranch horses. They are making rope horses, pickup horses, and just good all-around using horses.

High Rolling Rimrock

Munns Reference Sire

Rimrock is an extremely gentle stallion with a kind disposition. Kolton started him as a 2 year old and he has been problem free right from the start. The nice minded kind that will ride off with no fuss, regardless of the time of year and go do about any job. We have branded on him and heeled on him a little too. He is very cowy, intelligent, and really willing with a big stop. We like his conformation as well. He is a nice headed horse with a good hip, dark solid feet, and he is well balanced. Out of a double bred *High Rolling Roany* daughter. We feel that his colts are having a big impact on our horse program. They are very very trainable, big hearted and they care about pleasing you. They want to work with you and are well rounded horses that can go several different directions. They are making rope horses for sure! Breanna had a young *Rimrock* mare out of a Blue Bird daughter that she lost last year. She was one of the special kind that gave 110% every time with plenty of talent to go along with her try. She was cowy, fast, and a big stopper. Besides being gorgeous!! Good training is a big part of a success like this, but natural ability certainly plays a big role as well. It takes a long time to really replace that kind... if you ever do.

Becky started *Blue Bird* as a two year old and loved him right from the beginning. He has an unbelievable disposition. Very kind and gentle. If you go out in his set of mares he is the first to look you up and want some attention. We have used him as a saddle horse during breeding season and he rides off like an old gelding that never had a day off. We have ridden a lot of his colts and they are gentle natured just like their daddy. They have a lot of eye appeal and are up on legs good. Typically favorites of our clientele because of how user friendly they are. Many of our top producing mares are *Blue Bird* daughters. *Blue Bird* himself is a big horse. A strong 16 hands, with a big heavy bone structure under him. He has that old foundation that we are trying to breed back into today's horses. They are the kind that stay sound and hold up under hard use.

He has produced some real athletes that are good travelers, cowy, and sound minded. Handmade died unexpectedly last fall, leaving us with a few yearling babies and one foal crop on its way for 2022, so what we sell this year will be the end of his offspring.

Blue Fox is a new stallion we had the opportunity to purchase this spring. We have been looking for a new outcross that has the characteristics necessary to compliment our existing breeding program for a couple years now. We feel that we were extremely lucky in what we found in *Blue Fox*! Not only does his pedigree fit perfectly with what we already have started, but he checks all the important boxes for us. Adequate bone and foot, nice conformation, sound mind, and athletic ability... and color as a bonus! His sire, *Blue Fox Hancock* has 722 AQHA open points in 11 classes and has multiple High Point and Reserve Championships in Heading, Heeling, and Calf Roping. You don't see a horse with this type of pedigree that gets the opportunity to be shown and go prove themselves very often, making his accomplishment that much more rewarding. We have had him with a little set of mares this summer, so we will get a few babies by him in 2023!!

Metrona Cat aka *Jackson* is kind of our Cinderella story... in December of 2020 we bought this common looking sorrel stud colt that was a reject out of someone else's cutting program. In March of 2021 I took him to CA and left him with Jared Jones to see what he "felt in him". It wasn't 2 weeks and he called and told us we better buy a Futurity Slot because this colt was legit! 7 months later we owned an NRCHA Futurity Finalist and a money earner of a little over 25k thanks to Jared's dedication and *Jackson's* unbelievable trainability and talent. He is still in CA to continue his show career, therefore it will be another year or so before we get any babies by him, but we are sure looking forward to the future and what he might add to our horse program. Our plain little reject turned into a gorgeous deep cherry chestnut with a big strong hind quarter, a baby doll head, adequate bone, and a classy presence that makes you know he is special. We have exciting plans for the upcoming years!

Y

Expert Decision

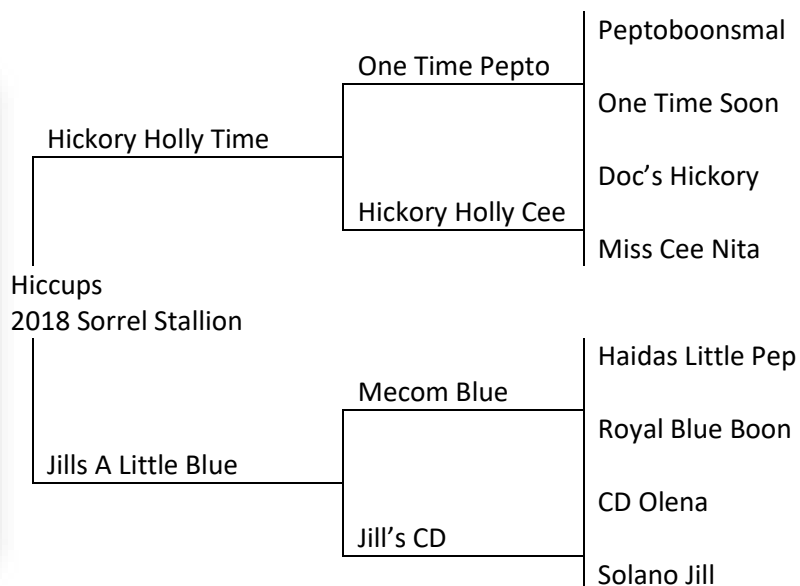

Shiner Reference Sire

The Shiner Family purchased *Expert Decision* from the Pitzer Ranch as a yearling. They were looking for a nice stallion that they feel would cross well on their *Paddy's Irish Whiskey* mares. He has the mind, athleticism, and conformation to excel in and out of that arena. The foals he has on the ground now are looking real good. They are showing his conformation and seem to have good minds. Shiner's are excited to have the opportunity to ride a his babies over the next few year.

Hiccups

Shiner Reference Sire

Hiccups is an exciting addition to the Shiner Ranch. An own son of *Hickory Holly Time* and just as cool as his pedigree suggests. He is a pretty big horse for the way he is bred and has a phenomenal mind. An absolute athlete with lots of cow, yet he also has that rare instinct to babysit a child or an inexperienced rider. *Hiccups* possesses many positive qualities to add to a breeding program!

JBar has been my personal horse the last couple years and is reliable in every way. Big pretty gelding that is very heavy boned and will last for many years. He can have 6 months off and go back to work and never miss a step... very safe and sane, yet he isn't a lazy horse either. He steps out and travels with the best of them and can really trot strong also. Lopes a nice circle in the arena and is soft in his ribs and face both. Will watch a cow and knows how to get any ranch job done. He would be a perfect step up horse for a young cowboy helping dad on the ranch, or the ideal trail horse for the weekend enthusiast. The kind you use at the ranch rodeo and throw your kid on to cool off or take grandma for a trail ride. He is the special kind. Video available. 208-221-1090 for more info or questions

Ranger is a very talented young gelding that could go many different directions. He needs to go to someone with a little experience so he can be put to work in a way that uses his abilities. He is probably too athletic for an amateur rider. He is gentle and wants to please but he is very fleet footed and quick. *Ranger* is cowy and has been used on the forest, so he has a good work ethic and knows how to get through the rough country, crosses water, etc. He has the speed and ability to truly be a fancy performance prospect. Dan has branded calves on him, roped the hot heels, and roped a few out of the box as well. It won't take much to get him going the direction of your choice. He is sired by Forever but out of a cow bred mare that has really made a cool cross. Video available. Questions 208-221-1090

"Yeller" is a gelding dad raised and Jeff has owned him all his life. He has done a little bit of everything. Been used on the ranch, at lots of brandings, team roping jackpots, ranch rodeos, etc. Kolton has used him at some WSTRA ropings and at the WSRRA Finals. He is solid to rope on and is very cowy. Absolutely gentle and would work for a kid or beginner header. He leaves flat, scores good, rates, and handles cattle well. Ideal for an inexperienced person to go trail ride or a kid to use for 4H, etc. He is an outstanding traveler, light in the face, rides in any bridle and is fancy broke. "Yeller" does require some light maintenance, needs to be shod correctly and does best if injected annually. Lots and lots of use left in him. He is looking for his little girl to greet at the gate each day and love. Questions 208-351-1332

Really nice young mare. *Jazzy* has such a kind heart and is super eager to please. She is catty and talented, cowy, and a big stopper. She will make anything you want. Has a solid foundation and is ready to finish the direction you want. This mare will be better than average at anything you decide to do with her. Would make a fancy breakaway or heel horse for sure but she is also big enough to head steers. She has been used on the forest allotment and has a strong work ethic, lots of ability, and is real gentle. *Jazzy* makes horse training fun because she tries so hard and has the talent to back it up. Good pedigree behind her as well. Video available Questions call 208-221-1090 Sells with one breeding to *Metrona Cat* to be used 2023 or 2024 season via frozen semen only. "Doc" is a big sturdy made young gelding that I can NOT say enough good about. I have enjoyed every bit of time put into him the past 2 years. He is such a willing, levelheaded horse. He has a fairly big motor yet he is very gentle at the same time. A big traveler that can cover a lot of country in a day and has enough heart to get any job done. He has branded calves, doctored outside and even roped a few in the arena. Lots of bone and foot and still filling out. Stands 15.2 and will weigh 1200# now but he is still getting thicker bodied. He is a ½ brother to Lot #15 and he will be just as heavy bodied when he matures. Doc has been used on the forest allotment and has been way more miles in his young years than most horses ever go. He is mature minded beyond his years and ready to be your partner. Premium head horse prospect, fancy ranch horse, all around family horse, or about anything you want. Stands tied quiet, will load in anything, rides in most any bridle, hobbles, bathes, good to shoe, overall respectful manners. True blue roan and pretty! Questions call 208-221-1090

Its time for Marilynn to go entertain another little kid now!!

Ima Whiskey Gal is a gorgeous seal brown mare. Very keen head and flawless conformation. She is a handy size and athletic. Broke to ride, mostly been ridden in the mountains trail riding and moving cows around, packing salt, hunting, etc. Great traveler that will out walk most horses and smooth gaited. She goes where she is asked willingly and is sure footed and safe. Nice little mare to ride but will also be a high quality broodmare when the time comes. We are selling her with one breeding to *Metrona Cat* via frozen semen for the 2023 or 2024 season. All vet expenses incurred will be that of the buyer, but we will include the semen for one breeding for free. That would be a very impressive baby on paper and should be a cute little rascal as well! This is a 5 year old mare, she has a lot of miles up in the mountains. She's a good ranch horse, we've calved on her and branded on her, she did good for us. She has a good start on the heeling side, and she's been started on the breakaway and with a little more time she has the potential to be a real good one. Real nice stop. Has also been headed on a little bit.
