Saturday September 2nd 2023

Preview 11:00 & Sale Time 1:00

Madison County Fairgrounds

We hope you enjoy your day with us and are pleased with the stock we will offer. The sale will be held at the Madison County Fairgrounds in Rexburg, Idaho. All horses will be available to be viewed about 11:00. This preview is a great opportunity for potential buyers to really look the horses over and visit with the owners. The sale will start at 1:00 sharp. We recognize the fact that life is busy... So in case you aren't able to be at the sale we do accept absentee bids as well as offer the opportunity for customers to bid over the phone. This option is not problem free and you do run the risk of a dropped call or a poor connection causing interference, but we will do our best! We ask that a refundable deposit be sent when registering to phone bid unless you are a past buyer with prior approval. Check with us if you are wanting to phone bid and we will do what we can to insure everyone is given an opportunity to buy their dream horse!

In 1961 Keith Munns along with his father, purchased a Montana Ranch on Hebgon Lake. A year later he married his wife Ruth, and they started a family of their own. All their life they have been involved in the livestock industry. Keith is an accomplished auctioneer. For many years Keith sold the local livestock auctions, as well as handling various horse sales, estate sales, farm machinery auctions, etc. At one time they co-owned the Rexburg Livestock Auction along with Keith's brothers and ran cattle of their own for a number of years. Although other avenues have supplemented their income from time to time, Keith's passion has always been his horses!!! Keith and Ruth have raised 2 children, and the family has been based around the horse world in one way or another from day one. They were involved in everything from chariot racing, ranching, team roping, calf roping, penning, barrel racing, and even ran a few horses on the flat track. It was nearly impossible to be raised in the Munns Family and not catch the "horse fever".

Their son Jeff enjoyed chariot racing with his dad and rode colts for a number of years. He also spent a few years riding pens in a feedlot which really made some good horses. Jeff has 3 children, Kolton, Kassie, and Katie. He and his son Kolton have enjoyed many hours together team roping. They both work on the ranch with Keith, running the farming and helping with the horses. They spend a lot of time handling the foals and getting them broke to lead. Come sale day we all appreciate the effort that has put into making these babies gentle and good to handle. It sure makes things go smoother at the sale and gives the buyer's a head start.

Kolt and Jennica are getting married later this month and will also be celebrating Rynlee's 2nd birthday. So we have a lot going on in the near future!! It's wild what a couple years can change!! Their little Rynlee has all of us completely wrapped around her little finger! Kassie and her husband Kyson live in Twin Falls. Their little family is growing like crazy as well. Their little Aspen, turned 4 this spring. She is a spit fire that keeps us on our toes and thrills us with her already obvious LOVE for the horses. She loves everything "farm life" and has been so much fun! Kobbie Kassidy is the exact opposite of her big sister as far as looks, but she is determined to keep up and do EVERYTHING that big sister does! She is almost 2 years old and absolutely darling.

Katie and her husband Jade added a handsome little boy to their family this year. They are so busy with Jade just starting a new job welding, Katie working plus about to take boards for her doctorate of nurse practitioners, AND being a new mom... and somehow they still manage to do it all well! She definitely impresses me with her drive to finish her education and put it to use.

Keith and Ruth's daughter Becky, followed in her dad's footsteps and loved the horses from day one. She married Dan Miller and they have 3 children; Breanna, Ty, and Charly. They are fortunate to share many common interests, all centered around the horses. They run a herd of their own cows on a forest allotment in Spencer, ID so they have also taken on the job of Forest Allotment manager, signing their geldings up for a "full time job". It has added to the hectic lifestyle they lead, but has worked out good. They both enjoy making a nice saddle horse, and the more cow work they can give one the better they like it.

Breanna has moved to TX where she is training rope horses with her boyfriend Kelton Hill. They have enjoyed riding some fancy horses this summer, going to lots of rodeos, and some rope horse futurities. Bre has done real well, winning her share both in the breakaway as well as heading. It has been fun to see her horsemanship progress each year. To see the places it has taken her and the people she has gotten to know through the horse world. She has experienced a lot of cool things for her young age.

Ty is 16 now. He helps his dad on the forest allotment some, but has spent most of his summer working for a neighboring farmer. He has put in lots of long hours but he seems to love what he is doing and he is definitely learning a lot! As long as he is learning to have a strong work ethic that's about all we can ask for!

Charly is 12 this year, going into 7th grade even though the rest of the world is sure she is 17! She has the same love for her horses that Bre does. Everything she does for work or fun seems to center around her horses. She has become quite the little hand at patterning barrel and pole horses. It is definitely going to be her strong suit, but she is making quite a little goat tier as well!

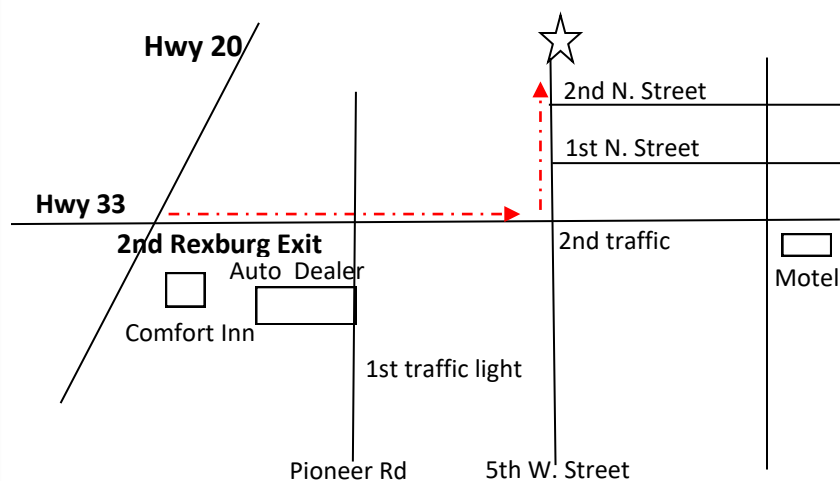

Keith and Ruth have dedicated 50+ years to consistently breeding versatile using horses, sound of foot and mind, with conformation, eye appeal, and color as a bonus. Keith has always felt that a high-quality broodmare band is a critical part of any breeding program. He strives to maintain a fancy set of mares that will enhance the qualities he is trying to produce in a foal. Each year Keith keeps a few replacement fillies that he feels will better the program. His Driftwood bred mares have proven to really cross well with several of the Hancock bred stallions we are currently using, and our Blue Bird daughters have sure been good producers as well. We are really excited about our current stallion power. We have made a couple new additions recently that we are enthused about. Find more detailed information on each stallion through the next few pages, and even more stallion pictures on our website at threebarquarterhorses.com.

We feel strongly that a Production Sale must be well represented. We stand behind our horses and enjoy the friendships established while doing so. It is important to us that people can buy at our sale with confidence. We recognize that every horse will not fit every person, but we are committed to helping you find the right horse for you... the one that will fit your needs and lifestyle. .

We are pleased to have a few of Shiner's horses in the sale again this year. They have a couple new stallions, one is a Gallo Del Cielo bred horse, and the other is a Hickory Holly Time son. They are bringing a couple colts by each of the 2 stallions, so that is exciting to see what they are producing. We are happy to do business with their family. They are honest, trustworthy people, and good horsemen. We are sure you will find the same in dealing with them.

We are looking forward to a fun day full of good horses, good people, and good old fashioned western atmosphere!! Come spend Labor Day Weekend with us!!

We feel so fortunate to have *One Famous Frenchman* as a member of our breeding program. We really like what a little running blood added to our working horses is doing for our breeding program. The *One Famous Frenchman* colts that we have had a chance to ride so far are smart, talented, and eager to please! They are pretty and most are up on legs a little more than our other colts. They have an elegant look and are pretty movers as well.

One Famous Frenchman is a big, pretty individual with good muscling and as keen a head as you will ever find on a *Dash Ta Fame* bred horse. He is a very unique color too... An ever-changing golden buckskin to nearly black at times. He has a big full mane and tail and an overall striking presence. He was in training with Kelly Conrado to futurity and was injured as a 4 year old. That changed the course of his career as he had to have a year off. When he healed, they started heading steers on him and made the decision to pursue that direction. He has unlimited potential any direction you want to go, lots of run, very cowy, athletic, but most of all SO GOOD MINDED and trainable. He has spent the past year or 2 in Charly's string. She has used him for all events in JH Rodeo and is such a gentleman for her. He hauls in a stock trailer right next to the other horses and quietly hangs out around all those young kids never saying a word or causing a scene.

An own son of *Frenchmans Guy* and out of an own daughter of *Dash Ta Fame*.

Three Bars is a big bodied young stallion sired by *One Famous Frenchman*. We wanted one we could pasture breed while the older FG stud was busy at the JH Rodeos with Charly, and we kind of liked the looks of him too!! He is THICK, just a 4 year old and he is already bigger bodied than anything we have. Big shapey hip, strong shoulder, and still keen headed. He is very good minded and extremely kind. He was injured as a yearling and had to be doctored every day for awhile. He took it all in stride and never did get grumpy about being poked at. We have a handful of babies in the sale that are sired by him and we are pretty excited about what we are seeing!

Latigo Leo 1501

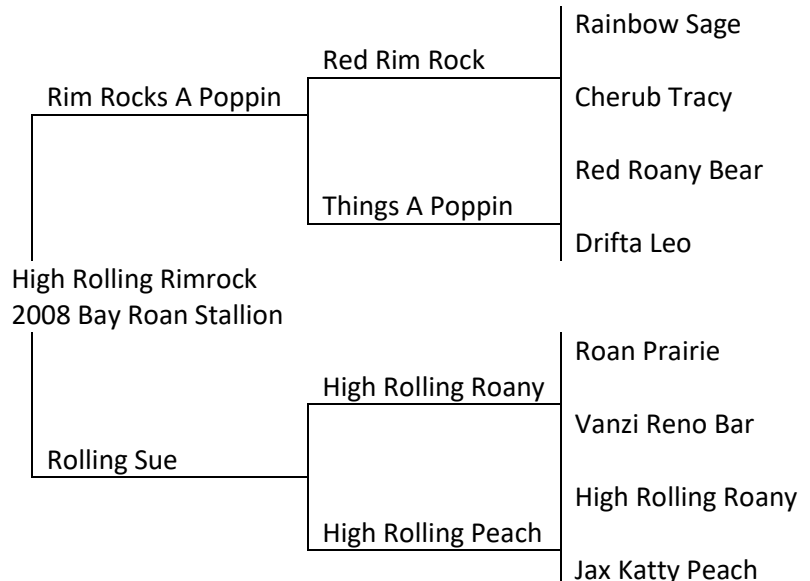

Munns Reference Sire

Nice young stallion that is producing lots of colored colts with conformation, and they seem to be smart too. Breanna has rode Leo a fair bit and he definitely shows us more talent than the average horse and has a great disposition. He is a very pretty horse. Lots of shape, a keen head, and a nice size for an "all-around performance horse". He has all the tools to be a top end rope horse! His babies appear to be easy to start and athletic, we are excited to get to ride a few in the upcoming years. 15 hands and will weigh 1200#, popular creamy buckskin coloring as well.

High Rolling Rimrock

Munns Reference Sire

Rimrock is an extremely gentle stallion with a kind disposition. Kolton started him as a 2 year old and he was hassle free right from the start. The good minded kind that will ride off with no fuss, regardless of the time of year and go do about any job. We have branded on him and heeled on him a little too. He is very cowy, intelligent, and really willing with a big stop. We like his conformation as well. He is a nice headed horse with a good hip, dark solid feet, and he is well balanced. Out of a double bred *High Rolling Roany* daughter. We feel that his colts are having a big impact on our horse program. They are very very trainable, big hearted and they care about pleasing you. They want to work with you and are well rounded horses that can go several different directions. They are making rope horses for sure! Breanna had a young *Rimrock* mare out of a Blue Bird daughter that she lost to colic. She was one of the special kind that gave 110% every time with plenty of talent to go along with her try. She was cowy, fast, and a big stopper. Besides being gorgeous!! Good training is a big part of a success like this, but natural ability certainly plays a big role as well. It takes a long time to really replace that kind... if you ever do.

Hancocks Blue Bird

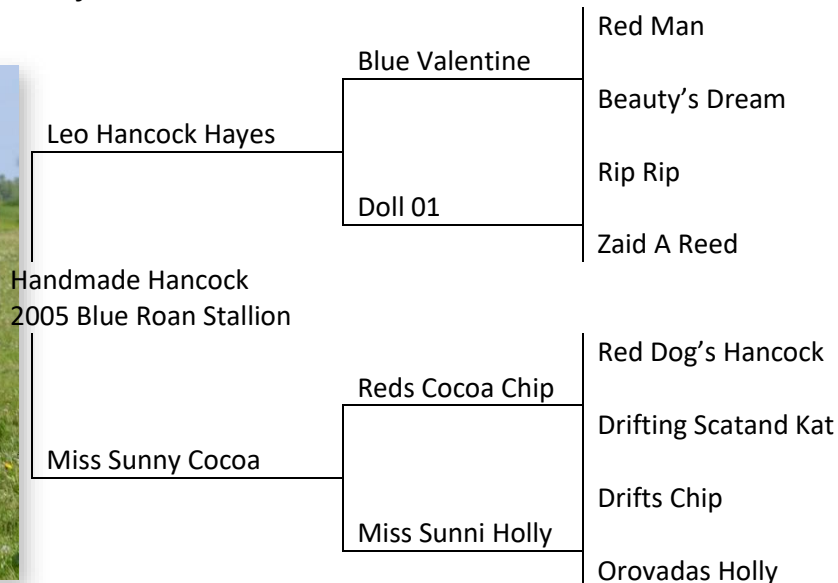

Munns Reference Sire

Becky started *Blue Bird* as a two year old and loved him right from the beginning. He has an unbelievable disposition. Very kind and gentle. If you go out in his set of mares he is the first to look you up and want some attention. We have used him as a saddle horse during breeding season and he rides off like an old gelding that never had a day off. We have ridden a lot of his colts and they are gentle natured just like their daddy. They have a lot of eye appeal and are up on legs good. Typically favorites of our clientele because of how user friendly they are. Many of our top producing mares are *Blue Bird* daughters. *Blue Bird* himself is a big horse. A strong 16 hands, with a big heavy bone structure under him. He has that old foundation that we are trying to breed back into today's horses. They are the kind that stay sound and hold up under hard use.

Handmade Hancock

Munns Reference Sire

An own son of *Leo Hancock Hayes*. Big, sturdy build, shapey, true blue roan, balanced, and a good mover for such a big horse. He has produced some real athletes that are good travelers, cowy, and sound minded. Handmade died unexpectedly the fall of 2021, we have quite a few good broodmares that are either daughters or grand daughters left, as well as one nice yearling colt that will be offered in the sale!

Our plans for Blue Fox got cut short as we lost him the same year we purchased him. Thankfully we did get a little set of mares bred to him before he died. We have kept a few fillies back and we will go ahead and offer a few to the public as well. We sure like what he reproduced. They all have real pretty heads and a lot of shape. Wish we had longer with him! He really checked all the important boxes for us. Adequate bone and foot, nice conformation, sound mind, and athletic ability... and color as a bonus! His sire, *Blue Fox Hancock* has 722 AQHA open points in 11 classes and has multiple High Point and Reserve Championships in Heading, Heeling, and Calf Roping. You don't see a horse with this type of pedigree that gets the opportunity to be shown and go prove themselves very often, making his accomplishment that much more rewarding.

Metrona Cat aka *Jackson* is kind of our Cinderella story... in December of 2020 we bought this common looking sorrel stud colt that was a reject out of someone's cutting program. In March of 2021 I took him to CA and left him with Jared Jones to see what he "felt in him". It wasn't 2 weeks and he called and told us we better buy a Futurity Slot because this colt was legit! 7 months later we owned an NRCHA Futurity Finalist. Thanks to Jared's talent and dedication, as well as *Jackson's* talent and trainability they have a little over 30k in Open NRCHA earnings. He is currently still with Jared who has now moved to Scottsdale, AZ. Due to his show career we have not bred many mares to him yet. He has 2 babies on the ground now and we have bred 5 or 6 mares this spring with frozen semen so we will have a good little sample of what they are. So far they sure are pretty headed! Our plain little reject turned into a gorgeous deep cherry chestnut with a big strong hind quarter, a baby doll head, adequate bone, and a classy presence that makes you know he is special. We have exciting plans for the upcoming years!

Expert Decision

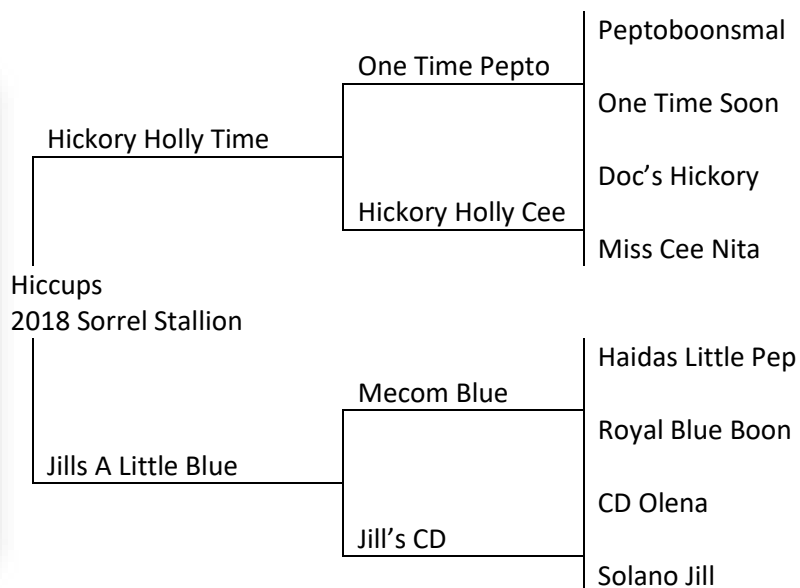

Shiner Reference Sire

The Shiner Family purchased *Expert Decision* from the Pitzer Ranch as a yearling. They were looking for a nice stallion that they feel would cross well on their *Paddy's Irish Whiskey* mares. He has the mind, athleticism, and conformation to excel in and out of that arena. The foals he has on the ground now are looking real good. They are showing his conformation and seem to have good minds. Shiner's are excited to have the opportunity to ride a his babies over the next few year.

Hiccups

Shiner Reference Sire

Hiccups is an exciting addition to the Shiner Ranch. An own son of *Hickory Holly Time* and just as cool as his pedigree suggests. He is a pretty big horse for the way he is bred and has a phenomenal mind. An absolute athlete with lots of cow, yet he also has that rare instinct to babysit a child or an inexperienced rider. *Hiccups* possesses many positive qualities to add to a breeding program!

Mr San Cuatro

Smokin Rickeeta

Another cow/speed cross. We have really liked the Pecos mares crossed on *One Famous Frenchman*. They are up on legs a little but still have some shape as well. They should be real athletes with some cow sense as well.

I really like this colt. His dam is a young mare that hasn't milked the best and he is still super shapely even without the very best feed. If he is fed right and given a chance I think this colt will really bulk up and get fancy. Super keen head.

For those of you that knew Breanna's good breakaway mare (Roanie)... *Rimrock Annie* is a full sister. She is a little taller, different type of mare but there are sure some strong similarities as well. Their old momma sure stamps her babies with something a little extra. They all have plenty of eye appeal, talent, and a unique personality. This filly will be real thick bodied and have a pretty head with a soft eye. And I bet she has plenty of ability as well! This is probably one of my favorites!

6 year old, one of a kind gelding raised on Shiner Ranch! *Clifford* stands 15.1 and is a trustworthy horse for the whole family. He is a nice stout made gelding, we have roped a lot of steers on him heading and heeling both. He is calm in the box and makes roping easy. He has been used at the district and state high school rodeos heading and breakaway roping. Started on barrels and poles and gentle for all types of riders. Kids from 8 years old and up have rode him and he works amazing for them. He is great in the mountains, through water, branding calves, and all basic ranch jobs. He rides double, bareback, and about anything you can think of. Great young gelding in the prime of his life!

**Remember to get your brand inspection after purchasing a horse.
That is your proof of ownership and will be provided at the sale!

This is quite possibly the most athletic horse we have ever sold. He is capable of using himself in ways many can't. Huge stopper. He is always on his hocks ready to get in the ground. Very cowy as well. He truly is an ideal breakaway prospect. Quick footed, cowy, and he is pretty fast as well. We have used him on the forest and in the arena both. He knows what a hard day is, can sure get through the rocks brush, down timber, water, etc. Stands 14 hands, which sure makes getting on and off him nice! Adequate bone and foot for his size as well. He is dirty tough... he can take a big circle and be ready again tomorrow. Big motored horse but yet he is kind.

Here is an opportunity to buy one of the very last of the *Handmade Hancock* sons. *Handmade* died the fall of 2021 and this is a 2022 foal so this will be the end of them. He is a thick bodied, pretty made colt that just keeps looking better as he matures. Out of a *Rimrock* mare which just makes him more special in my opinion. He is broke to lead and has had his feet messed with a little. Will be ready to start riding before you know it. Real nice colt!

This colt is really dark brown, most people would call him black. He is out of a nice mare but just like the last colt, she is just a 4 year old and she hasn't fed him as good as the other babies. He should really do well once he is weaned.

Bella is a big pretty bodied mare that has been used on the ranch the past several years. She is extremely cowy, a good traveler, and picks her way through the rocks and brush well. We have branded calves and roped the hot heels on her a little and she takes it all in stride. She has a full brother that is a big time PRCA head horse. Bella has the qualities necessary to do the same but we aren't really team ropers and have not pursued going down that road. She is a pretty mare and would make an exceptional broodmare when you get done riding her! Great trail horse as she has been in rugged country all her life. Sells with a breeding to *Metrona Cat* if you choose to go that direction. Frozen semen only and all vet expenses is that of the new owner. Questions 208-221-1090 video available
