Check with us if you are wanting to phone bid and we will do what we can to insure everyone is given an opportunity to buy their dream horse!

In 1961 Keith Munns along with his father, purchased a Montana Ranch on Hebgon Lake. A year later he married his wife Ruth, and they started a family of their own. All their life they have been involved in the livestock industry. Keith is an accomplished auctioneer. For many years Keith sold the local livestock auctions, as well as handling various horse sales, estate sales, farm machinery auctions, etc. At one time they co-owned the Rexburg Livestock Auction along with Keith's brothers and ran cattle of their own for a number of years. Although other avenues have supplemented their income from time to time, Keith's passion has always been his horses!!! Keith and Ruth have raised 2 children, and the family has been based around the horse world in one way or another from day one. They were involved in everything from chariot racing, ranching, team roping, calf roping, penning, barrel racing, and even ran a few horses on the flat track. It was nearly impossible to be raised in the Munns Family and not catch the "horse fever".

Their son Jeff enjoyed chariot racing with his dad and rode colts for a number of years. He also spent a few years riding pens in a feedlot which really made some good horses. Jeff has 3 children, Kolton, Kassie, and Katie. He and his son Kolton have enjoyed many hours together team roping. They both work on the ranch with Keith, running the farm and helping with the horses. They spend a lot of time handling the foals and getting them broke to lead. Come sale day we all appreciate the effort that has put into making these babies gentle and good to handle. It sure makes things go smoother at the sale and gives the buyer's a head start. Kolt and Jennica got married last summer and their little Rynlee has stole all of our hearts. She is the sweetest little spitfire ever!! Jenica has found a new passion chasing cans and Rynlee's going to be right behind her as she seems to love them too. Kassie and her husband Kyson live in Twin Falls. They recently bought a home out in the country where they are raising their 2 cute little girls and whatever random animals the kids drag home. Little Aspen turned the big 5 this spring. Her mother hen, sassy personality keeps us on our toes. She also has an obvious LOVE for the horses that we are more than happy to nurture. She loves everything "farm life" and has been so much fun! Kobbie Kassidy is the exact opposite of her big sister as far as looks, but she is determined to keep up and do EVERYTHING that big sister does! She is almost 3 years old and absolutely darling. She has the "Munns dark eyed dirty look" down pat even though its mostly all bluff! Katie and her husband Jade added a handsome little boy, Zane to their family last year. He is SO cute and ALL BOY! Jade and Katie are also near the Twin Falls area... Jade started his own fencing/welding business, and Katie is working as a nurse as well as a full time mom. As if that doesn't keep them busy enough, they are expecting their 2nd baby this winter!

Keith and Ruth's daughter Becky, followed in her dad's footsteps and loved the horses from day one. She married Dan Miller and they have 3 children; Breanna, Ty, and Charly. They are fortunate to share many common interests, all centered around the horses. They run a herd of their own cows on a forest association in Spencer, ID. Dan is the Forest Allotment manager, signing their geldings up for a "full time job. They both enjoy making a nice saddle horse, and the more cow work they can give one the better they like it. Breanna has recently moved to Torrington, WY where she is training rope horses with her boyfriend Kelton Hill. They have enjoyed riding some fancy horses this summer, going to lots of rodeos, and some rope horse futurities. Bre has done really well, winning her share both in the breakaway as well as heading. It has been fun to see her horsemanship progress each year. To see the places it has taken her and the people she has gotten to know through the horse world. She recently sold a nice calf horse prospect to Cody Ohl and is rubbing shoulders

with the toughs. She and Kelton both are very talented with a rope horse and are really finding their niche in that field. Ty is 17 now. He helps his dad on the forest allotment with the fencing some but has spent most of his summer working for a neighboring farmer. He has put in lots of long hours but he seems to love what he is doing and he is definitely learning a lot! As long as he is learning to have a strong work ethic that's about all we can ask for! He is starting his senior year and life is about to get REAL fast. Charly is 13 this year, going into 8th grade even though the rest of the world is sure she is 17! She has the same love for her horses that Bre does. Everything she does for work or fun seems to center around her horses. She has become quite the little hand at patterning barrel and pole horses and found a new love for breakaway this past year. It's such a fun stage as we get to watch SO much progress daily.

Keith and Ruth have dedicated 50+ years to consistently breeding versatile using horses, sound of foot and mind, with conformation, eye appeal, and color as a bonus. Keith has always felt that a high-quality broodmare band is a critical part of any breeding program. He strives to maintain a fancy set of mares that will enhance the qualities he is trying to produce in a foal. Each year Keith keeps a few replacement fillies that he feels will better the program. You will notice some new but similar pedigree in our horses this year. Dad recently purchased a set of mares from a ranch that has been pursuing a very similar breeding program. They are all big framed mares that fit right into the current broodmare band. We are really excited about our current stallion power. We have made a couple new additions recently that we are enthused about. Find more detailed information on each stallion through the next few pages, and even more stallion pictures on our website at threebarquarterhorses.com.

We feel strongly that a Production Sale must be well represented. We stand behind our horses and enjoy the friendships established while doing so. It is important to us that people can buy at our sale with confidence. We recognize that every horse will not fit every person, but we are committed to helping you find the right horse for you... the one that will fit your needs and lifestyle.

We are pleased to have a few of Shiner's horses in the sale again this year. They have a couple real nice stallions, one is a Gallo Del Cielo bred horse, and the other is a Hickory Holly Time son. They are bringing a few colts by each of the 2 stallions, so that is exciting to see what they are producing. We are happy to do business with their family. They are honest, trustworthy people, and good horsemen. We are sure you will find the same in dealing with them.

We are looking forward to a fun day full of good horses, good people, and good old fashioned western atmosphere!! Come spend Labor Day Weekend with us!!

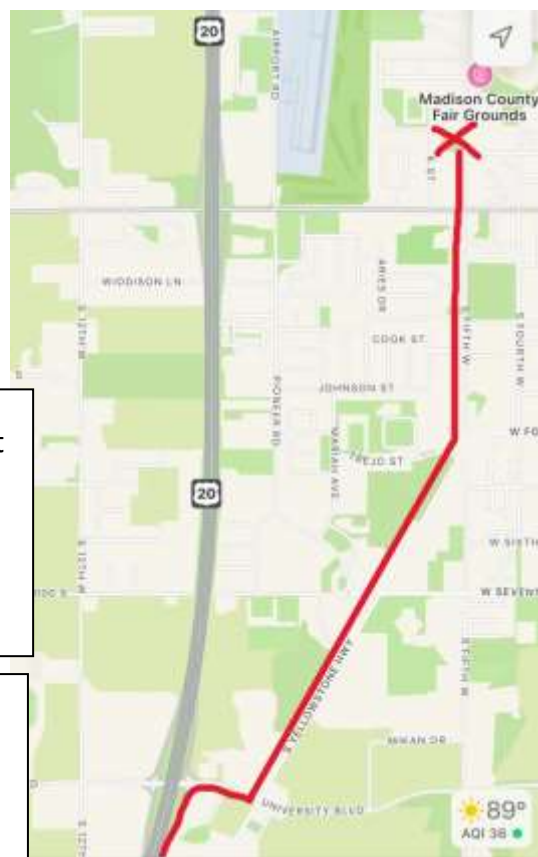

Due to ongoing road construction take the University Blv exit (1st Rexburg exit) and follow directions on map. The Main Street exit is closed completely.

One Famous Frenchman

Munns Reference Sire

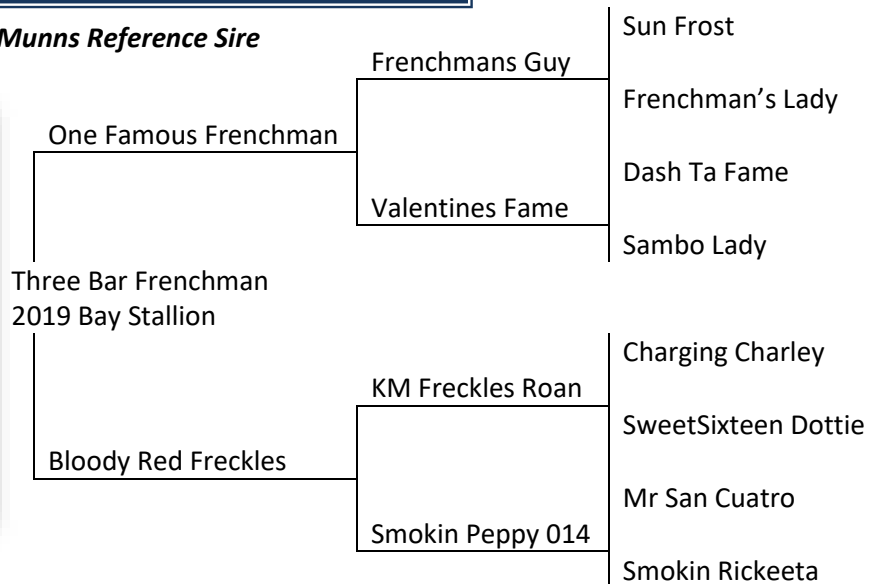

We feel so fortunate to have *One Famous Frenchman* as a member of our breeding program. We really like what a little running blood added to our working horses is doing for our breeding program. The *One Famous Frenchman* colts that we have had a chance to ride so far are smart, talented, and eager to please! They are pretty and most are up on legs a little more than our other colts. They have an elegant look and are pretty movers as well.

One Famous Frenchman is a big, pretty individual with good muscling and as keen a head as you will ever find on a *Dash Ta Fame* bred horse. He is a very unique color too... An ever-changing golden buckskin to nearly black at times. He has a big full mane and tail and an overall striking presence. He was in training with Kelly Conrado to futurity and was injured as a 4 year old. That changed the course of his career as he had to have a year off. When he healed, they started heading steers on him and made the decision to pursue that direction. He has unlimited potential any direction you want to go, lots of run, very cowy, athletic, but most of all SO GOOD MINDED and trainable. He has spent the past year or 2 in Charly's string. She has used him for all events in JH Rodeo and is such a gentleman for her. He hauls in a stock trailer right next to the other horses and quietly hangs out around all those young kids never saying a word or causing a scene.

An own son of *Frenchmans Guy* and out of an own daughter of *Dash Ta Fame*.

Three Bar Frenchman

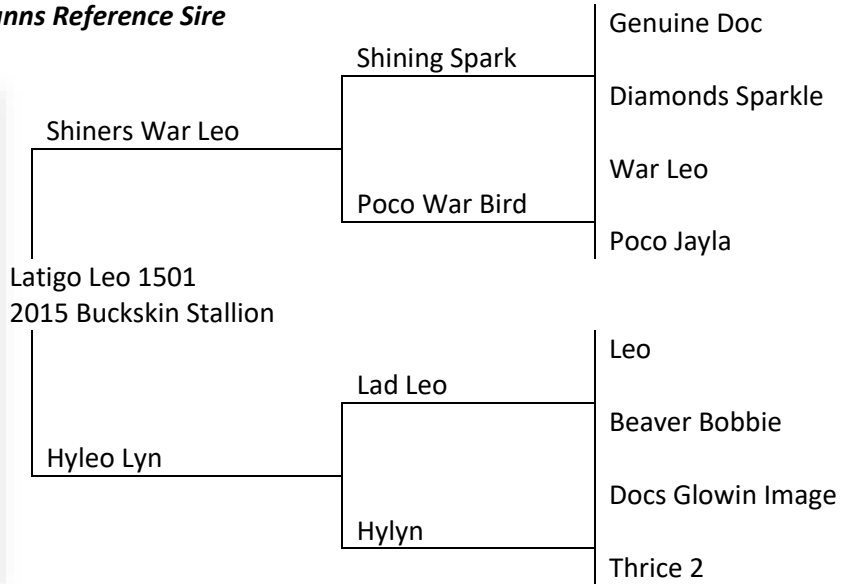

Munns Reference Sire

Three Bars is a big bodied young stallion sired by *One Famous Frenchman*. We wanted one we could pasture breed while the older FG stud was busy at the JH Rodeos with Charly, and we kind of liked the looks of him too!! He is THICK, just a 5 year old and he is already bigger bodied than anything we have. Big shapey hip, strong shoulder, and still keen headed. He is vey good minded and extremely kind. He was injured as a yearling and had to be doctored every day for awhile. He took it all in stride and never did get grumpy about being poked at. We have a handful of babies in the sale that are sired by him and we are pretty excited about what we are seeing. They are consistently thick bodied like daddy and we really like their dispositions.

Latigo Leo 1501

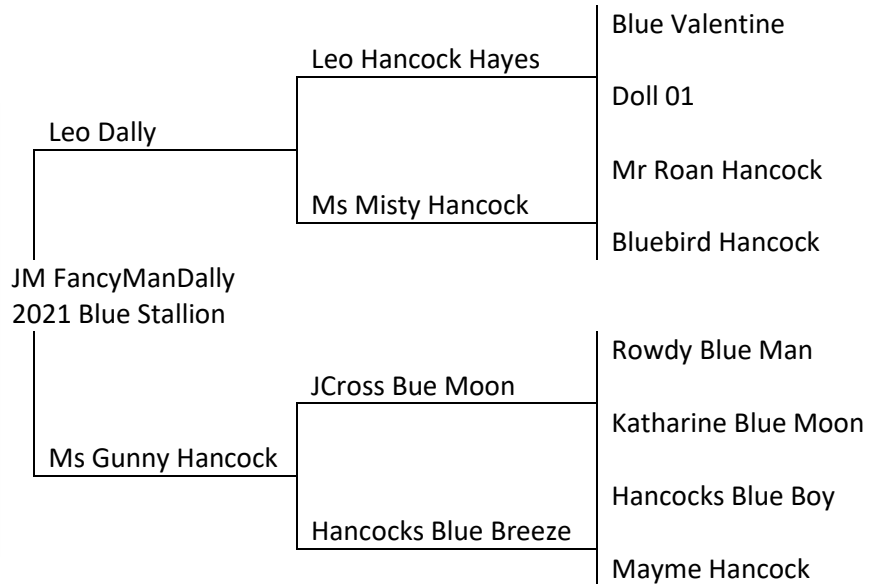

Munns Reference Sire

Nice young stallion that is producing lots of colored colts with conformation, and they seem to be smart too. Breanna has rode Leo a fair bit and he definitely shows us more talent than the average horse and has a great disposition. He is a very pretty horse. Lots of shape, a keen head, and a nice size for an "all-around performance horse". He has all the tools to be a top end rope horse! His babies appear to be easy to start and athletic, we are excited to get to ride a few in the upcoming years. 15 hands and will weigh 1200#, popular creamy buckskin coloring as well.

JM FancyManDally

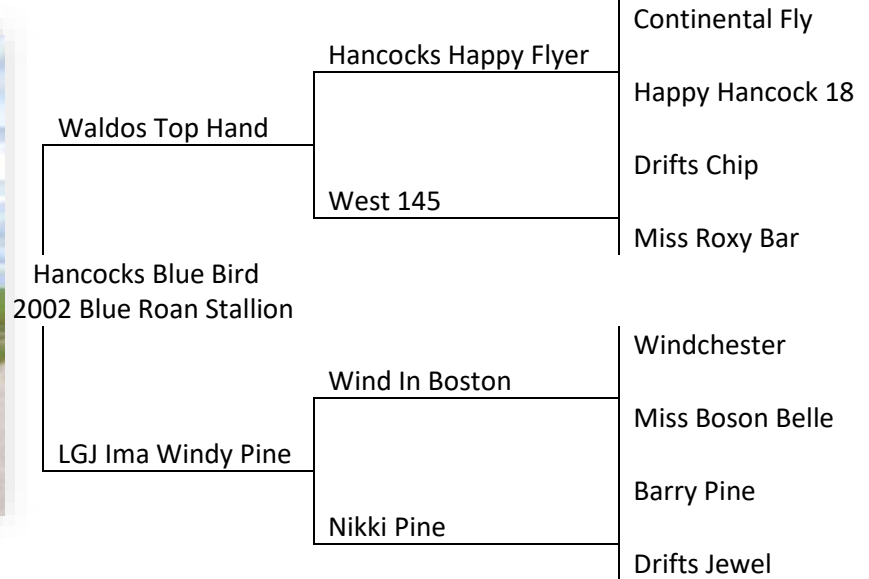

Munns Reference Sire

Dally is a young stallion we purchased a little over a year ago. He carries bloodline on both sides that we feel compliments our broodmares, as well as several important attributes that we are striving for. He is big footed with lots of bone, a strong hind quarter, and he cinches deep with a good back. True blue roan coloring with a kind disposition as well. We started Dally last winter and he was easy to get along with. He never did want to buck and was willing to go to work right from the start. We have a sample of his babies in the 2024 sale and several mares bred back to him for 2025.

Hancocks Blue Bird

Munns Reference Sire

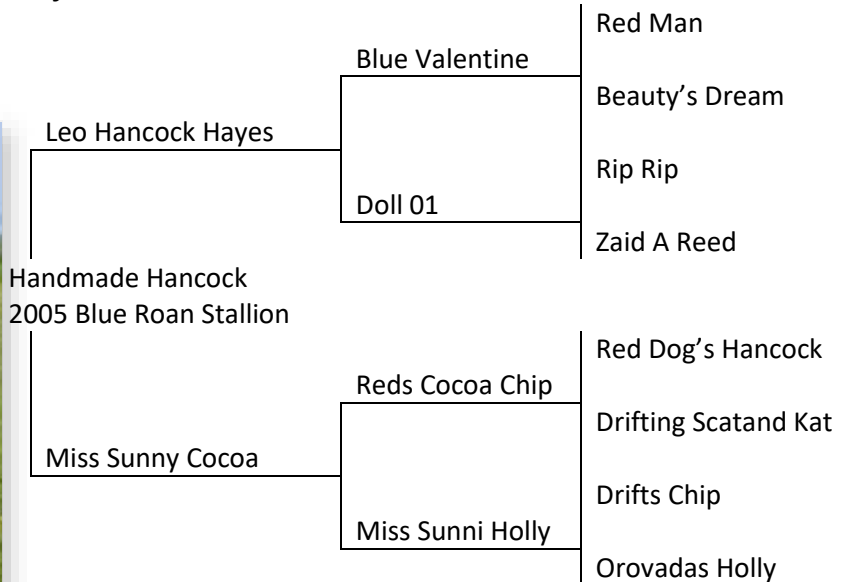

Becky started *Blue Bird* as a two year old and loved him right from the beginning. He has an unbelievable disposition. Very kind and gentle. If you go out in his set of mares he is the first to look you up and want some attention. We have used him as a saddle horse during breeding season and he rides off like an old gelding that never had a day off. We have ridden a lot of his colts and they are gentle natured just like their daddy. They have a lot of eye appeal and are up on legs good. Typically favorites of our clientele because of how user friendly they are. Many of our top producing mares are *Blue Bird* daughters. *Blue Bird* himself is a big horse. A strong 16 hands, with a big heavy bone structure under him. He has that old foundation that we are trying to breed back into today's horses. They are the kind that stay sound and hold up under hard use.

Handmade Hancock

Munns Reference Sire

Handmade daughter

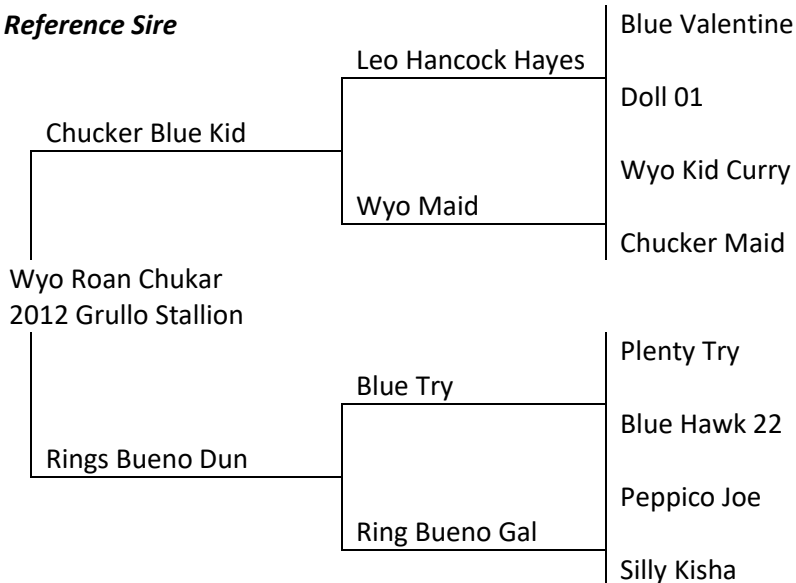

We no longer own *Handmade Hancock* or *Handmade Forever* (son of *Handmade Hancock*). However, many of our mares are daughters of these 2 stallion so I left them in the list of Reference Sires. *Handmade Hancock* is an own son of *Leo Hancock Hayes*. Big, sturdy build, shapey, true blue roan, balanced, and a good mover for such a big horse. He has produced some real athletes that are good travelers, cowy, and sound minded. *Handmade* died unexpectedly the fall of 2021, we have quite a few good broodmares that are either daughters or grand daughters in the broodmare band and they consistently tend to be amongst our best producers.

Wyo Roan Chukar

Munns Reference Sire

This stallion came out with the broodmares dad recently purchased out of another breeding program. They are all course boned, big footed type horses that should stay sound for a life time. Sired by an own son of Leo Hancock Hayes who is one of the last sons of Blue Valentine. They are known for their gentle demeanor, trainable minds, and make outstanding all around ranch horses. Chukar's dam also goes back to Blue Valentine as Plenty Try is sired by Blue Valentine. His colts are soggy bodied, big boned colts with plenty of wither and short backs.

Metrona Cat

Dan and Becky Miller

"Jackson"

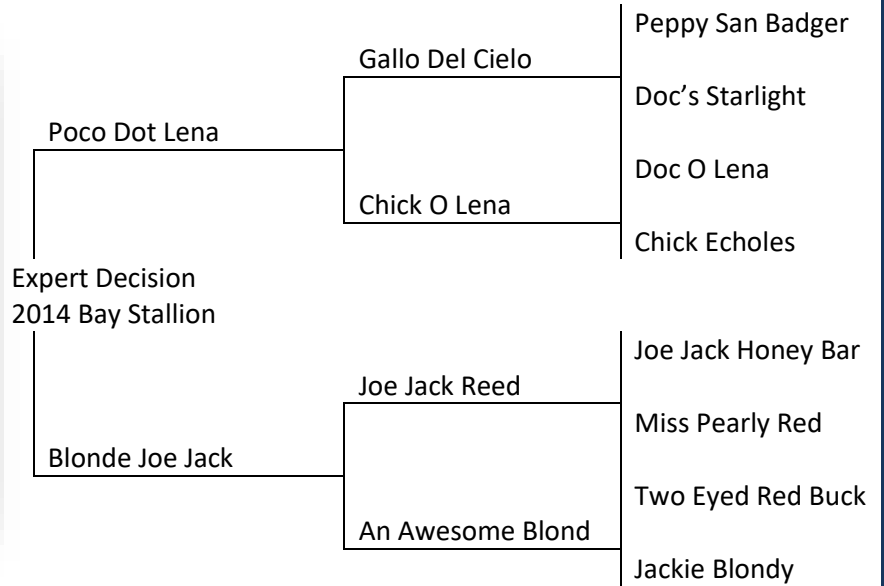

Metrona Cat aka *Jackson* is kind of our Cinderella story... in December of 2020 we bought this common looking sorrel stud colt that was a reject out of someone's cutting program. In March of 2021 I took him to CA and left him with Jared Jones to see what he "felt in him". It wasn't 2 weeks and he called and told us we better buy a Futurity Slot because this colt was legit! 7 months later we owned an NRCHA Futurity Finalist. Thanks to Jared's talent and dedication, as well as *Jackson's* talent and trainability they have a little over 30k in Open NRCHA earnings. He is currently still with Jared who has now moved to Scottsdale, AZ. Due to his show career we have not bred many mares to him yet. He has a few babies on the ground now. So far they sure are pretty headed! We are looking forward to getting a few grown up enough to see how they ride here soon. Our plain little reject turned into a gorgeous deep cherry chestnut with a big strong hind quarter, a baby doll head, adequate bone, and a classy presence that makes you know he is special. We have exciting plans for the upcoming years... you might even see him at the **Worlds Greatest Horseman** in February 2025!

Y

Expert Decision

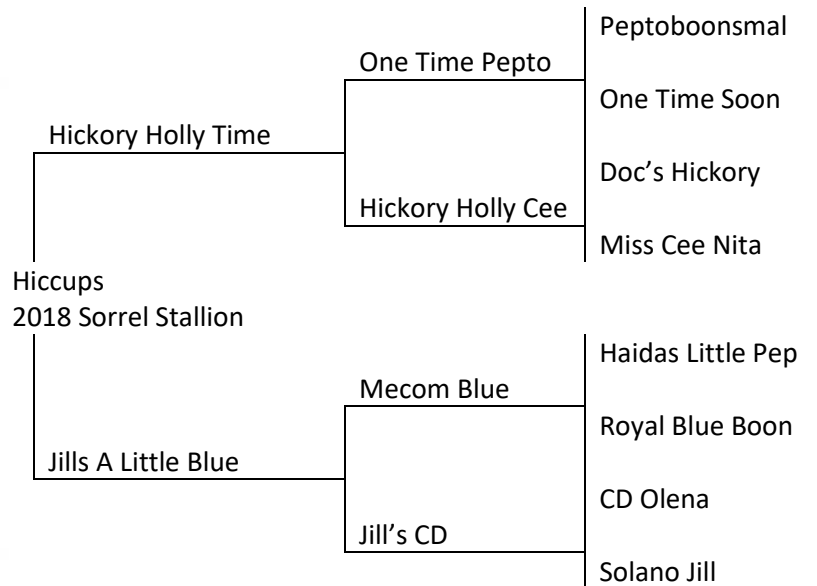

Shiner Reference Sire

The Shiner Family purchased *Expert Decision* from the Pitzer Ranch as a yearling. They were looking for a nice stallion that they feel would cross well on their *Paddy's Irish Whiskey* mares. He has the mind, athleticism, and conformation to excel in and out of that arena. The foals he has on the ground now are looking real good. They are showing his conformation and seem to have good minds. Shiner's are excited to have the opportunity to ride a his babies over the next few year.

Hiccups

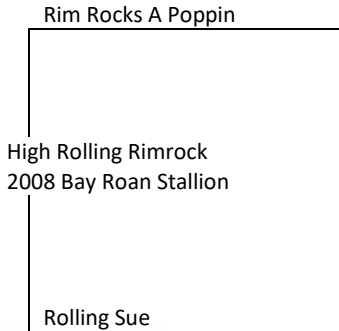

Shiner Reference Sire

Hiccups is an exciting addition to the Shiner Ranch. An own son of *Hickory Holly Time* and just as cool as his pedigree suggests. He is a pretty big horse for the way he is bred and has a phenomenal mind. An absolute athlete with lots of cow, yet he also has that rare instinct to babysit a child or an inexperienced rider. *Hiccups* possesses many positive qualities to add to a breeding program!

High Rolling Roany

Rimrock as a 3 year old branding calves

Rimrock as a baby 2 year old

Rimrock is an extremely gentle stallion with a kind disposition. Kolton started him as a 2 year old and he was hassle free right from the start. The good minded kind that will ride off with no fuss, regardless of the time of year and go do about any job. We have branded on him and heeled on him a little too. He is very cowy, intelligent, and really willing with a big stop. We like his conformation as well. He is a nice headed horse with a good hip, dark solid feet, and he is well balanced. Out of a double bred *High Rolling Roany* daughter. We feel that his colts are having a big impact on our horse program. They are very very trainable, big hearted and they care about pleasing you. They want to work with you and are well rounded horses that can go about any direction. They are making rope horses for sure! Breanna had a young *Rimrock* mare out of a Blue Bird daughter that she lost to colic. She was one of the special kind that gave 110% every time with plenty of talent to go along with her try. She was cowy, fast, and a big stopper. Besides being gorgeous!! Good training is a big part of a success like this, but natural ability certainly plays a big role as well. It takes a long time to really replace that kind... if you ever do. After that mare died she took a full sister and made another one that is just as good. That doesn't happen very often!! They are pretty special for sure! *Rimrock* died this fall. It seems like you never full appreciate the special ones until they are gone! We are grateful to have a nice set of mares bred to him for 2025, and we do have a couple fancy stud prospects that we kept back this year as well. But he will be missed the just the same!

Several of our favorite *Rimrock* babies are pictures below.

3 year old buckskin gelding with a good foundation. He is a smooth traveler, gentle natured, and aims to please. He has been used on the forest allotment this summer and spent some time doing arena work prior to that. He is well rounded and wants to make a super nice gelding. Started roping the hot heels and will make a rope horse or be gentle enough for most anyone to enjoy just pleasure riding as well. Correct in the feet and legs and pretty too. He is going to be a nice size. Stands 15.1 or so and will continue to thicken up for a year or 2. Questions call 208-221-1090

Big thick bodied ranch horse. We have used *Curtis* on the forest association the past couple years, and prior to that he spent most of his days trail riding. He is very comfortable in the mountains, laid back and reliable. About anyone can get along with him and enjoy their day riding up the trails. He is out of registered stock but AQHA papers were misplaced a few years back so he will sell grade. Easy keeper, kind to be around, good to shoe, clip, bath, loads in any type of trailer, stands tied quietly, and gets along well in a herd. All around nice gelding that is enjoyable to have around. Has roped the hot heel and doctored a few on the forest, good broke in the face. A solid, usable nice gelding.

Fun Fact from the Jul/Aug Issue of the American Quarter Horse Journal...

Hall of Fame Horses by Richard Chamberlain

"Three stallions, whose progeny and grandprogeny are making waves in several segments of the American Quarter Horse industry, are going into the American Quarter Horse Hall of Fame this fall. They are *Blue Valentine*, *Frenchmans Guy*, and *Shining Spark*."

The 2024 AQHA Hall of Fame Induction & Reunion Celebration is September 6-7 in Amarillo. Learn more at www.aqha.com/celebration.

What's the chances that ALL 3 of these legendary horses show up in the genetics of our current stallion power.

One Famous Frenchman x **Frenchmans Guy**... 3 Bar Frenchman x One Famous Frenchman... Latigo Leo out of a **Shining Spark** daughter

And **Blue Valentine** shows up through out several of our other stallions including many of the broodmares.

One Famous Frenchman and Charly

Metrona Cat and Jared Jones

The Three Bar Horse program is a product of 50+ years of dedication, sacrifice, and hard work by these two special people. **50 YEARS!** They have been amazing parents and taught our family by example leading their life with old fashioned core values. As they are building a horse program and following a dream, they have also shown us the importance of family, integrity, a solid reputation of being honest in all dealings, and true work ethic. While some years were a little tough and financially it didn't make a bit of sense to raise these horses, they continued to persevere. That is true passion, dedication, and grit... And we are thankful to have had that example growing up. While dad has actively worked to improve the horse program in some way every single year, mom has been behind the scenes supporting every decision and pleasantly sacrificing whatever was necessary at the time to help his vision materialize.

It takes them both, they are a team... and we think they are pretty dang incredible!

*We are so grateful for the amazing parents we have been blessed with...
None of this would be possible without the foundation they have built!*
