SAN JOAQUIN VALLEY RANGERS NEWSLETTER

PRESIDENT'S MESSAGE

Wow, April sure hit us hard with a storm causing us to cancel a Barrel race and Gymkhana! We need the rain, but does it have to come all at once flooding our property! Moving forward into May we have barrel race, gymkhana, trail ride and drill team's first competition of the year. Keeping all of our members busy and enjoying events takes a lot of work. As you are sitting and watching a barrel race, or gymkhana, notice the volunteers taking registrations, judging, working the gates, score keeping and announcing, setting courses, setting barrels and working snack bar. Somethings you may not see are the days or hours before an event our water truck dropping water so the tractor drivers can groom the arena, after an event trash cans needing to be emptied, trash left by specters being picked up, bathrooms cleaned and club house being swept from the mud and dirt tracked in. All done by members. This is our club and we are volunteers. How about offering to set up that pole that was just knocked down, help change the course during gymkhanas, offer to be our gate person for the day, or part of the day. Our garbage cans need emptying after each event, maybe while horses are being untacked after the event you could empty one into our dumpster at the front of the property. Any help is greatly appreciated. Notice the pictures in this newsletter-most riders know if you ride, it is a matter of time before you might hit the ground. Here at SJVR we refer to that as an involuntary dismount and it is celebrated with earning the SJVR "torch". The "torch" is passed from club member to club member after they have hit the arena floor. Remember to have fun and get back on, most riders have been there and done that at some point.

UPCOMING EVENTS

May 21st June 11th

\$500 Added—\$45 Open Entry Fee

Unfortunately, April Showers, cancelled the April 23rd Barrel Race but, hopefully they will bring May flowers for our May 21st Barrel Race. When attending SJVR Barrel Races please keep in mind that, we have lost the parking area across the street from our club house! This leave us with limited parking. So please park accordingly. Do not leave large gaps between trailers, maintain a fire lane down the center, and single vehicle should park in front of club house or on the street to leave inner arena parking for horse trailers.

AROUND THE CLUB

A year ago our kitchen was remodeled, new stove purchased and upgraded to stainless work tables. Continuing to upgrade our snack bar is a new beverage refrigerator. Energy efficient, and large enough to replace two refrigerators. This upgrade will help keep our drinks colder during our upcoming summer months. Check it out next time you are at the arena! That leaves us with two refrigerators that are no longer needed in the clubhouse.

Are you needing a refrigerator for your garage?

They are used, but run well. See Jeanne or give her a call if you would like to take one home. 510 910-6372.

Volunteer Appreciation:
The Borba Family is always there to help where needed. The kids, Conner, Connor, and Aubrey volunteer to set barrels, John is there to work the gate or drive the tractor, and Karissa is always happy to help our horses with her business "Star Equine Therapy".

promote barrel racing and spent a lot of time collecting donations and prizes for the pee wee barrel races. Casie is in charge of our 4D Facebook page and helps keeps the arena clean by picking up trash, trimming trees, and replacing broken boards.

Thanks to Justin, Bob, and Jody several of the broken fence boards have been replaced and now need painted. Being a volunteer isn't always easy, it can be hard work and we understand how busy people are., So thank you for contributing so much of your time, energy, and efforts to SJVR. Our volunteers are the backbone of each and every event. We could not do this without their hard work.

Want to Give It a Shot?

If you're interested in trying a new horseback-riding sport, cowboy mounted shooting might be for you. Cowboy mounted shooting is fast moving and exciting, requiring equine speed and rate, horsemanship, and a skilled and steady hand. Cowboy mounted shooting is a timed event. It uses a set of 10 balloons attached to stands, set in one of more than 50 approved patterns. The patterns can include such maneuvers as turning around a barrel, switching direction and going through a "gate" or relatively narrow opening. The balloon patterns often include a "rundown" – a line of five balloons set on a straightaway. A rider uses two .45-caliber, single-action revolvers, each carrying five rounds of black-powder blanks that have an effective range of 10-15 feet. The rider must cock the gun before each shot. After five shots, the rider must holster his first gun and upholster his second while on the run. There are time penalties for missing a balloon. There is also a rifle class, which requires one pistol and one .44-40 rifle. The rider shoots five balloons with the pistol then switches to the rifle for the final five balloons.

If you are interested in giving it a shot, Contact Mindy at 209-981-7931 or kissmyappy@yahoo.com

Volunteer Appreciation:
Bob is one of the people who help SJVR run! From fixing the water trucks breaks, to working the bar, setting up the new refrigerator, buying new fence boards from the arena, and so much more. We couldn't do it without him.

Our Jr's program brings our club's kids together to host events, raise money for charities, promote horsemanship, and much more. This group of kid's work SJVR 4D program as our barrel setters to raise money for the Jr's program. This was many of these kiddos first time setting barrels and they did an amazing job! If you are interested in the Jr's program reach out to Trina.

We need Juniors to help set barrels for the May 21st Barrel Race.

Juniors who volunteer will receive a raffle ticket and a free ice cream per event they work. At the end of the year we will hold a raffle for a very special prize. The more you help, the more chance you have to win.

We are looking for help for barrel races and gymkhanas.
