We look forward to future events and seeing all of the amazing people that make this club's success possible.

Understanding the 4D time system

- 1D – Fastest time
- 2D – .5 seconds slower than the best
- 3D – 1 second slower than the best
- 4D – 2 seconds slower than the best

This system creates an equal opportunity for every rider and horse. The best of the best get to compete directly against each other, while new riders still have the opportunity to win. It makes the sport thrilling for everyone!
