

ADORE TESTIMONIES OF THANKS JUNE 2021

It was a brilliantly rewarding morning. I thought Carol was utterly inspiring, the priest deeply holy and Margaret and her husband's testimony very moving. Thank you again for today!

The Holy Mass Celebrated by the gentle elderly Priest was lovely to witness and be a part of. The Talk by Carol Ann Harnett was very inspirational, and I could relate to many things that she said. Wonderful. I also loved the testimony Margaret and her Husband gave. So good to hear how differently we are all baptised into the Holy Spirit. I felt privileged to watch this, and to feel their joy as they related their wonderful awakening. I also loved the hymns, some of which were new to me. Bless you for doing The Lord's work.

Thank you so much for this spiritual uplift this morning

Very helpful and uplifting. Thank you all

Thank you so much! God bless!

Thank you for a very uplifting morning. God bless you all.

Great session look forward to the next meeting

I wasn't sure if I could find the time to attend today (for the first time) so I was actually doing some other things at the same time: cleaning sorting, fixing and mending. I realised long before the session ended that the session was an opportunity for God to do that with my undernourished soul! Thank you all so much. I have gained a great deal from today.

Thank you so much!!

Thank you God bless you all.

The talk was excellent and the Testimony

Carol Ann was strong and confident in what she said her talk was clear and well structured. Alastair's leadership always inspires me.

Confirmation of things in the prophetic sharing, helpful talk, useful sharing in groups.

I found the talk inspirational

I found the talk by Carol Ann Harnett extremely helpful. Points I could really relate to and she was so enthusiastic.

Mass and worship always helpful to start the day. I thought the talk down to earth, inspiring and something we can all take into our groups and parishes. Personal testimony so effective.

I enjoyed everything about the day.

The mass was beautiful

The talk reinforced much of what I know but the scripture references were helpful.

Thought Carol Ann's talk very sincere, helpful and inspirational.

I enjoyed the worship, It is nice to see the words and all the music and songs were familiar. I enjoy people sharing their responses.

Found Carol's talk inspirational and really enjoyed the whole presentation and the ambiance. Thank you to the whole team for organising that.

I liked the Praise and Worship
