Thank you and all the team at ADoRE for your ministry in running these days of renewal which we find very spiritually uplifting. Before Covid struck we had attended the ADoRE days in Alton on a few occasions and it has been wonderful that we can still attend online because we have been shielding for the past eighteen months.

## ADORE AUGUST 2021 TESTIMONIES OF THANKS

Enjoyed the mini retreat despite the occasional technical hiccup, so many thanks to you and your team for arranging something so ambitious. We were especially impressed by Fr Gareth in his conduct of the Mass, his homily and his talk.

Thank you again and God bless your future plans.

The fellowship of Catholic charismatic people, learning about speaking in tongues especially hearing the references to the catechism and biblical references, learning about Saint Pope Pius x, the shared worship songs and praise. In fact it was excellent all through.

I thought this was one of the best sessions we have had. Fr Gareth I think spoke for many of us with his explanations

I find it most helpful this month to be able to watch the recordings!

Today's session was really helpful. Mass and Adoration are always helpful but I found it especially moving when Fr Leyshon offered to us the recently consecrated host in spiritual communion and pointed out that this was the same host we would shortly adore.

Very Good intro which didn't assume we knew everybody and knew what it was all about.

Mass is always helpful

Fr Gareth's talk: the discussion

The testimony from Pauline was encouraging.

Time of praise

I enjoyed the group talk, discussions and the testimony session

The structure of the morning is well planned & works very well

Prayerful

All so prayerful and blessed but especially Fr Gareth's talk

The Mass was beautiful and Fr. Gareth Leyshon's homily and his talk were both excellent. They were clear, insightful and inspiring, drawing on numerous examples, many from his own experience, delivered in an informed manner, drawing on Biblical authority and delivered in a humble and humorously self-deprecating style that informed while it entertained.

God spoke to me through these

Listening to like-minded people.

Excellent talk sadly only heard end of testimony which resonated with me

Fr Gareth spoke very clearly about the gift of tongues and clarified some aspects of my understanding about the gift.

I found the variety of opportunities for prayer and praise excellent.

I like the rhythm

I think it runs extremely well

I think the length, content and presentation is just right

## **ADORE AUGUST 2021 TESTIMONIES OF THANKS**

This monthly retreat is something that I look forward to and a source of spiritual sustenance.

I look forward to joining the next event!

I applaud your efforts to reach out to a wider audience
