

TESTIMONIES OF THANKS JUNE 2022

I really appreciate all the organizing that goes into these events. I just think it's wonderful how God is at work in so many ways. And these retreats highlight His faithfulness by allowing us to see and hear how He's always joining us together in peace and unity

Excellent well organized prayerful morning - something for everyone.

I absolutely loved everything, so well put together, all your effort in all sections shows you are all devoted to bringing Jesus into our homes and our lives. Without devotion prayer loses its wings. In these powerful retreats we become so aware of Gods awesome presence and understand His glory and magnificence in a more meaningful way. Thank you again. Your prayer group and all your team are amazing. Well done for your great work.

The words from all contributors were so very uplifting including in the breakout group. It is just so very encouraging sharing with others committed to Christ.

Especially liked Adoration and the talk

Events during the Day of Renewal led me to realise that God wants me to go deeper with himself

I found the whole retreat refreshing and thought provoking. Thank you.

Thank you for all you do to provide a spirit filled morning in so many ways

It was generally very good and the participants I had contact with very encouraging.

Thank you for a prayerful time and inspiration this is my first time joining - would like to attend future meetings. Many thanks, thoughts and prayers.

That was a beautiful time. I am new here and look forward to gathering with you in person some time.

Thank you for the encouragement this morning. Thank you all.

Thank you everyone for a wonderful morning.

Thank you to everyone for a prayerful morning

Thank you for this uplifting morning!

Thank you to all who put the session on. Really appreciated. May God continue to use you

Thank you ALL for making this morning possible. Huge blessings and see you next month.

Thank you all for a beautiful, uplifting, faith filled morning. God bless all.

What a wonderful blessing this morning has been, thank you to everyone

Thank you all especially Alton Renewal for today.

I so enjoyed being with you.

I was isolating so was grateful to join in the Mass and adoration from home. It was good to see people using the gifts of the Spirit especially prophecy and words of knowledge. People's readiness to share and serve others. I also was touched by the sincerity of the speakers and the teaching has stayed with me since that day. Simple and powerful. Thank you.

I think it was especially good to have had input from the House of the Open Door

The general sense/experience was very good.

I'd rather be at meetings in person but if I can make the time again I will.

The sharing on the prayer line was some of the most helpful counselling I've had for some time. Thank you so much
