

ADORE JANUARY 2023 TESTIMONIES OF THANKS

Thank you so much for today. I was moved greatly in the Spirit

Thank you once again for a wonderful Spirit filled morning and good to see you again Charles!
Blessings to all

What a Spirit filled morning! Thank you, Charles for your talk, so inspirational. Blessings on us all.

Thank you for an inspiring morning - wonderful help with problems.

The testimonies and talk were wonderful.

Your Saturday mornings are a life saver and give me a much needed reboot, especially after lockdown & having moved to new parish etc. It'll be great to hear all the speakers that I already know of this year - Charles was just great!

It was good to be in prayer and worship with a community.

Deeply moving experience. Nice to have the chat not working as it can often distract me listening to the speakers. Thank you.

I found the Mass very simple and prayerful, a chance to be quiet and reflect, duties at parish mass take up my attention.

Adoration was again quiet and reflective. The sharing after was insightful and encouraging. We don't often share these thoughts in our usual parish services.

The testimony was in a way quite normal so we can all feel that God can speak to each of us anywhere. Charles Whitehead is always inspirational and again quite accessible.

Having Mass and prayers come to you in our own home.

Charles' talk was wise based on long experience.

Very powerful talk by Charles. Very thought provoking.

It's encouraging to hear how much the charismatic renewal is bringing churches together.

I am greatly encouraged by your meetings. My local Catholic parish has no charismatic expression so it is a real treat and booster to share in your meeting.

The Talk was brilliant, focused and challenging.

I like the idea of Prophetic sharing, God using us to help each other.

As always, Charles' talk was excellent, and inspirational to try harder to share my faith.

I found the homily by Fr John helpful and Charles Whiteheads talk very helpful. The fact that we have to know Jesus to be able to talk to people about Jesus and to evangelise.

Hi, I always get a lot of personal inspiration from the Adore meetings- I love the Mass and adoration even though its a spiritual communion we share. I thought the talk was so inspirational and relevant to Bishop Philip's consultation on 'Be my Witnesses' and so many threads from Divine Renovation and Called and Gifted - all centring on our mandate to be missionary disciples. Charles has truly lived this call. Thank you all!

Charles's talk was excellent.

The talk was particularly helpful
