Found it lovely. Need more of this in my life.

So glad I didn't miss it. It was wonderful and I plan to be at all future ones.

I definitely got a lot out of last Saturday's talk and testimony. You and your team are doing a great job - very much needed in today's climate.

Thank you all! God bless.

I was encouraged by a word of knowledge (given during the prophecy time) to phone the prayer ministry team.

I was not disappointed in my expectations.

Mass and Adoration were very intimate and fruitful.

I love the community spirit, with my church family. So encouraging, great teaching, great praise / worship.

ADORE TESTIMONIES OF THANKS MARCH 2023

Testimony and Talk were so inspired by the Holy Spirit - informative, interesting, and engaging - very valuable to the listener.

Prophetic sharing seemed to be for me.

Another well balanced Retreat morning and Jenny's talk was wonderful and inspirational.

Martin's testimony was very refreshing a contemporary man living with all our problems issues and hazards yet confidently living in The Spirit and willing to convey this openly and above all with Charity. It is clear his isolation isn't a problem because he is in real touch with The Lord. Loved the massive rosary round his neck and his simplicity.

Jenny's talk was amazing and very uplifting.

Homily - just praying that God's will be done in all circumstances; Jenny - delving deeper into God and deep diving

Jenny's talk immensely helpful and group worship and Adoration too

Such a blessing. Thank you all.

Telephone prayer ministry a great follow up after the morning

Keep up your wonderful ministry - it is a gem for those of us who have discovered it!

Thank you - wonderful way to spend a morning; such a blessing for all.

Please carry on! Such great mornings

This is very helpful for me and will try to attend every month thank you
