Thank you all for your testimonies, God truly works through us in beautiful ways. God bless all.

I thought the morning was well balanced considering the time allocated. I loved the choice of hymns and the testimonies.

Interesting and inspiring

The testimonies were beautiful and faith building.

Testimonies very striking

The testimonies were touching and spiritually educational.

It is uplifting to hear other people's testimonials at a time when there is less pressure on them to reveal how The Holy Spirit has worked in their lives.

. I loved hearing the testimonies and I loved how the worship songs were interspersed with scripture readings.

I found this meeting enriching, prayerful and spiritually fulfilling.
