

## TESTIMONIES OF THANKS FOR ADORE MARCH 2024

Jenny Baker kicked off the start of Holy Week wonderfully for me.

I enjoyed the peaceful prayerful time with the Lord.

I found the Mass uplifting as it was prayed not said. The Adoration for me was lovely and simple and I was heartened when two speakers had much the same experience as I had.

To spend what is usually a very busy Saturday morning in the presence of the Lord and fellow believers, is wonderful.

I found the talk very inspiring.

I found the prophetic sharing very helpful. What struck me was how so many of the thoughts were along the same lines, that God is with us and within us. I found the whole morning so moving that it had me in tears at some points.

I love the singing which is a different style to what we have at our church which also lovely but different.

The talk was very good especially the moving story at the end.

ADoRE sustains my faith and connects with other charismatic Catholics.

This is my second visit. I find the simplicity and the intimacy of the Mass very refreshing, even though it is online. It feels very personal and I find I am able to be present without distractions. Alastair's testimony was helpful and gave me confidence about sharing testimonies. Jenny Baker's talk was inspiring to say the least and challenging, yet very accessible, within my reach but it will take a while to digest it all.

Though I did not have anything to share the prophecies and sharing were very relevant and confirmed my own thoughts which again gives me confidence that God is speaking to me.

I find I am taking part in the Mass. I always feel part of adoration whether in our church or online.

The Mass, praise, adoration and talk were spiritually uplifting.

God is in charge - do not despair about the world situation. Focus on the fullness of His love and rejoice that He lives deep in our hearts. Place our trust in Him.

I just appreciate being around people who focus on Jesus and the Holy Spirit

Jenny's story at the end was so touching to my heart and her talk was very helpful too. The time with God in prayer is so good for my soul.

Mass and sermon so inspiring. Fr Meredith sermon was just wonderful.

Jenny always gives a meaningful talk, and today was no exception. As usual Alastair's 'prayer and praise' session was wonderful. The pictures that accompany the hymns are very apt and beautiful and inspiring.

Jenny shared some lovely stories and quotes.

Lots of soul-enriching, encouraging, spirit-nourishing moments throughout the meeting. I continue to learn and - hopefully - improve my spiritual life, and perfect my good deeds, thanks to these meetings. I really loved the words of Alastair's Praise and Worship songs.

This session was useful in every way.

## TESTIMONIES OF THANKS FOR ADORE MARCH 2024

Favourite was the Sermon.

Fr Anthony's simple and spiritual Mass that not even internet gremlins could impact. Huge kudos to Alastair for his highly effective and warm MC style.

Alistair's talk about testimony helpful, so I'm going to write mine! Jenny's talk was deep and special. I particularly found the part about putting on Christ really meaningful for me. It has stayed with me. I'll watch her talk again when it's on-line. I'm trying to get friends interested in the meetings! Many of my Flemish friends have a good understanding of English.

The talk by Jenny was lovely and very helpful.

I felt the Holy Spirit working very powerfully throughout the morning - but especially during prophetic sharing (which seemed to be much directed at me ...), worship singing, and Jenny's talk which I found FANTASTIC. She is so gentle yet passionate and her choice of scripture and story were perfect. Reinspired me to get involved with Celebrate again!

Found Alistair's testimony talk helpful to explain how/what he was to present.

I may have to give a talk about Mary's Meals so gave me food for thought.

Thank you for doing this. For me, it has been a big blessing in my life.

Very moved by Jenny's recital of 'The Rag man'....which was new to me

I'm not a singer but I enjoyed listening and especially the words being sung.

It was very kind of Alastair to step in and give a testimony. When someone does have the courage to give a testimony, it is always gladly received. It highlights how the Lord is working in their life.

Thank you for ADORE and all ADORE does, especially monthly zoom. God Bless.

I found the prophetic words very moving - and relevant: thank you. And the worship songs! I'm living in rural France at the moment, so it is especially wonderful to hear it all in English!
