

ADORE MAY 2024 TESTIMONIES OF THANKS

Thank you so much for arranging these wonderful meetings which I always look forward to. Each meeting is a time of spiritual refreshment with excellent teaching. I attended yesterday, another blessed meeting.

Thank you Gary for such an inspiring talk with so much that has resonated with me.
...praise Jesus....come Holy Spirit

Thank you for a spiritually inspiring and moving talk. The Holy Spirit is certainly moving amongst us and within us. God bless

Fr Paul always teaches how to apply the gospel to our everyday lives. Gary's talk was inspiring, especially his sharing about his son which touched us greatly. We always love Alastair's worship ministry all of the day was helpful!

The sharing was very profound in fact everything was awesome thank you so much

The hand of God was surely upon Ann as she gave her testimony, she shared beautifully how God carried her through her unspeakable loss to place of absolute trust in God's fidelity.

Gary too shared inspirationally how God met the family in the depths of their darkness. His talk was very rich, a lot to absorb and very worthy of a second viewing.

I found the Mass with Fr Paul helpful and also the prophetic sharing. The testimony by Ann was very helpful, but I found the talk by Gary Stephens extremely helpful. Especially about being temples of the Holy Spirit and about praying to the Holy Spirit every day. His talk really touched me deeply.

Blessing, encouragement, use of spiritual gifts, prayer, praise and worship

The speaker was excellent and gave us much to ponder. Great having the words to the worship songs on the screen.

The talk was truly inspired. The examples of the times when evil had to be combated with prayer and the time of forgiveness for an appalling crime were memorable.

I was feeling unwell and a little low and I found these things encouraging and uplifting. I especially found what was said about the Holy Spirit helpful. I think I had let go of some things.

The spiritual strength of the speakers shone through their words

The talk by Gary was one of the best talks about the work of the Holy Spirit I have heard. His explanation of how we are temples of the Holy Spirit was very enlightening and educational. Having been in the Renewal for over 40 years it was inspiring to learn another dimension of how God works in us and to learn some new theological terms. It is very helpful when he quoted from the Catechism of the Catholic Church given me the

opportunity to study the paragraphs mentioned knowing it will be helpful with my Confirmation group.

I find the singing and the reading of the psalm very prayerful. Alastair's explanation of Prophecy is an excellent introduction to the words of knowledge etc.

Mass and Adoration very Spiritual. The witness very moving and brave. Gary's talk inspirational and special

I enjoyed the various elements of the zoom and felt that they complimented each other. Ann Pyatt's talk was very poignant and moving.

Another well organised and seamless session. Thank you

Such down to earth speaker. Very clear. Good explanation of the HS. Thoroughly enjoyed it. Food for thought indeed! Thank you

Reminders that God dwells in me and the Holy Spirit is continually praying within me.

I loved Ann's prayer "Come Lord Jesus , You are welcome here." Also at the Mass that Jesus stands at the door of my heart and knocks. May I be open to His presence within me.

Praise and worship and the talks are my favourite items

The Talk on the holy spirit and the prophetic sharing renewed me and re-awakened the call to evangelise. This led me to Isaiah 6 (the call of Isaiah)

Gary's talk on the Holy Spirit and explaining how our bodies are the temples of the Holy Spirit and therefore his wisdom about defending the temple was a highlight.

I loved it I do not think there is a need for change let the Holy Spirit guide and lead our spiritual leaders. Hallelujah

I find the meetings excellent and a good balance. I can't really see how they could be improved.

I would think that those who have experienced it once are very likely to return.

The Retreat flowed beautifully, not an easy task- well done team, well done Alistair and with grateful thanks to the Holy Spirit
