

ADORE TESTIMONIES OF THANKS SEPTEMBER 2024

All aspects of the day were helpful, even having the opportunity to chat to others over lunch! A lovely day.

Excellent and inspirational both testimony and talk.

Praise really lifted us into worship. Geoff's explanation how Prophecy is seeking God's word for others, not his word for our own lives.

uplifting and full of the praise of God

I appreciated the talk by Geof Poulter. I have not thought about Prophecy in the way he described

It was well organised and everyone was so welcoming, I didn't feel like an outsider and really enjoyed the session

A very prayerful morning. The Prayer and praise was so uplifting.

It made me aware of how the Lord had spoken to me during my life.

The Mass is always helpful and beautiful. Usually I feel the joy of being like in a house Mass... this time it was like being "in" church with the congregation.

Geoff's talk was particularly helpful and very clear and down to earth

It was great to attend in person! Just doing that was a breakthrough for me. Meeting people at lunch was a joy. Geoff Poulter's talk was enlightening and his instructions made Prophecy feel possible

I think the Lord may be asking me to help in a gifted ministry. I am already a Eucharistic minister and am able to take the blessed sacrament to my husband most weeks.

It helps with my spiritual journey

I particularly enjoyed the homily, one sentence particularly resonated. I've never thought about Matthew's Gospel the way it was presented so it was learning as well!

The prayer ministry was, for me, extremely helpful and an important part of the day. Thank you.

Very kind and thoughtful prayer session. I appreciated the great generosity of the people who gave their time to do this.

The prophecy talk and especially the end where Geoff asked us to think about asking God to show us who to pray for and a most unexpected person came to mind with a prophetic word for them. I was really taken aback as in the 45 yrs since I was baptised in the Holy Spirit I have never experienced such a clear message and it was just what the person needed.

All very nourishing.

It was a lovely event. Having Mass, prayer and Reconciliation was fabulous and the talks and the praise and worship were wonderful. The local parishioners were so welcoming and introduced themselves and joined in the chats with us 'out of towners'

Spiritually uplifting.

Everything was done well.

it was all good

All was excellent.

Everything was helpful

It is a wonderful ministry, You are all such a blessing!

I honestly wouldn't change anything in the content and format.

I think you get it all spot on.

I really enjoyed it

Thank you for streaming it online.

Everyone is very nice and kind.

After the mass and worship I had a knock on my door from someone wanting prayer and guidance. I was much better prepared to do this after attending these sessions.
