

TESTIMONIES OF THANKS – ADORE JUNE 2025

I found the talk by Joe Livingston very inspiring and uplifting. He has a very encouraging and infectious way of speaking.

Always inspiring and gives me a spiritual recharge.

Today the Holy Spirit was moving very powerfully during sharing it was awesome thank you Jesus for your Holy Spirit. Amen

The testimony and talk were wonderful. I hope the various biblical and other references by Joe can be shared.

Love Adoration anyway. Prophecy is always interesting. Joe's talk was very powerful.

The Mass and adoration gave me an opportunity for uninterrupted time with the Lord. Considering the time difference it was very early in the morning for me and the Lord just woke me up right on time.

Joe's session was very helpful

Mass was good

Hi it was a struggle to make the decision to come online, but I felt so much better and hopeful after it. The brain fog and being overwhelmed has lifted. The 'short and to the point' really worked well for me The adoration was great and the Adoration chapel was apt for the feast day of The immaculate heart of Mary

Another spirit filled morning with time out to pray ponder listen and reflect

The quiet humility of the Priest and receiving spiritual communion

Praise. Need to surrender is particularly applicable for me

I found the prayer ministry very powerful and The Holy Spirit revealed amazingly through the prayer warriors. Thank you Jesus

Wow! praise God for this day, God is huge in his Goodness with Our Lady; so much to ponder and reflect on, so many seeds sown that will grow with the tenderness of His Sacred heart and the Immaculate heart of his Mother Mary.
