

TESTIMONIES OF THANKS – ADORE AUGUST 2025

I thought Fr Paul's talk on forgiveness was inspirational. It helped me to frame a particular difficult situation in a much more simplistic way, I felt guided and supported. Very uplifting. Thank you Fr Paul!

I found the talk down to earth and helpful

Fr Paul Leonard's talk was very practical & reassuring about ways to forgive & that after forgiveness we do not have to meet for a coffee or become bosom buddies again! Just forgive sincerely & implore the help of the Holy Spirit to not repeat sins. We are human after all.

I am not usually keen with online sessions of any type (too much of working from home disease, I guess), but I can't believe the Holy Spirit works so well through Wifi!! I found the mass difficult online, if I may, but the adoration time, actually very inspiring and made me realise how important and necessary it is. Everything else in the session was very well balanced once again, managed and coordinated. Although remote, it was very powerful... Thank you so much

Testimony helpful

Today's retreat touched my heart and soul in many powerful ways - almost overwhelming. So it was wonderful to receive Prayer Ministry afterwards to help consolidate God's love and mercy

It was a very deep experience for me. I was crying during Mass and prophecy. Thank you all for organising it.

The Mass is the source of the day followed by Adoration and the talks excellent.

A very inspiring and uplifting talk

The talk on forgiveness was wonderful - covering many of the difficult aspects around forgiveness. The Praise and Worship by Alastair was wonderful too - I could listen and join in all day if it were only possible! Please could we have this as a MAJOR part of the day instead of, seemingly, a rather "add-on" aspect of it. Less talk, more Praising!!

I found Fr Leonard's insights both thought-provoking and very helpful.

I found the prophecy helpful this time as a lot of the messages seemed to be around the same theme. I also enjoyed Fr Paul's talk. He was so open and I liked he often sat in front of the tabernacle to pray. He highlighted the importance of prayer.

Loved the praise and worship.

Excellent talk by Fr. Leonard and Testimony by Coralie.

The preaching and testimonies were helpful

Community; faith shared; power of the Holy Spirit at work.

I greatly appreciated and enjoyed the Mass and the period of adoration. The Prophecy was also interesting and I shared some of the words of knowledge given.

Generally helpful and uplifting to my faith.

Delighted by Father Paul!

It's always Spirit filled and he is in control of Adore.

The talk and prophecy I found particularly helpful.

In the prayer ministry call, it was wonderful to be open and talk, where there was total listening and the power of God could work through us both with his love and mercy, to give more encouragement, hope and peace. Amen thank you for this wonderful ministry.

I used prayer ministry: we have prayed for a healing of my mum's cancer. Once I find out the results I will let you know. But she cried during the prayer and felt better.

I always find the prayer ministry spirit-led: the discernment is incredibl. Thank you Holy Spirit.

You are doing a fantastic work... Thank you. You are an inspiration and you really help people growing their faith. God bless you all

All glory to God for Adore and the whole team

If I think of anything I am sure I will note it.

Wonderful opportunity to spend morning with faith-filled Christians with prayer, music, Mass, Talk, etc. Thank you all so much.

I thought the talk by Paul Leonard was very good and made me reflect more deeply upon the familiar passage of the talents. I also think that the whole session is very good and would like to thank Alastair for his praise, organisation and hard work, not to forget Judith, Paul Leonard, Coralie and all the other members of Adore who help with prayer ministry and back up. I wish that I had known about it many years ago but I am very happy and grateful to be able to take part in what the Holy Spirit is doing through Adore and its members especially at this time when it is needed so very much.

Fr Paul's talk was truly uplifting. I love listening to his teaching.

Wonderful, Holy Spirit-inspired talk as always, from Father Paul - thank you! God bless you.
