

## TESTIMONIES OF THANKS – ADORE OCTOBER 2025

The talk by Charles Whitehead was profoundly inspiring. The choir was absolutely amazing and praise and worship time was just so beautiful.

The whole day was marvellously put together and oh so very special in every way. I felt Jesus' healing love reach out to me. It was so very lovely to have a retreat with Adoration, Mass and Confession, thank you!! I spoke with priests and I met other people and made friends.

The Mass gave us a wonderful start to the day.

It was lovely seeing old friends.

The whole day was a great blessing, a current of grace for the church.

Having an opportunity for confession as I find it difficult to approach my parish priest.

A wonderful day and so happy to be pray/worship/hear talks and participate in person when normally online only

I very much look forward to Adore meetings when they are in person. I also like the second hand book sale.

Charles's talk was direct and focused and firmly grounded in Scripture. I found it very helpful.

Fellowship and meeting with familiar online faces in real life was just great and beneficial.

I was prayed over during confession. It was wonderful.

Prayer ministry was a great help

Telephone prayer ministry is definitely beneficial, but receiving prayer ministry in person is obviously much better and more personal... and experiencing the feeling of touch is so important. I found it very moving & reassuring giving me the power to receive some interior healing, peace and hope. Praise Jesus and thank you

Prayer ministry during Adoration! Nothing can top that.

It was all so very wonderful. I am so glad that I was there!!

The drive was worth every mile, especially to share in the jubilee celebrations!

I want to extend my gratitude to the team!
