

ADORE TESTIMONIES OF THANKS MARCH 2026

Barbara's talk was very scriptural and encouraging as well as her experiences of the Love of the Holy Spirit in her life. The prayer and worship was beautiful. I like having the words and images on the screen

The talk by Barbara was uplifting and inspiring particularly the times she especially felt the Holy Spirit's presence. I look forward to listening to it again to further enjoy the light in the darkness which I am feeling a bit at the moment.

Barbara Mason's talk was truly inspirational and truly worthy of a second 'viewing'

Esther's testimony. It is always good to hear of people's faith journey.

Mass and adoration are always a wonderfully Spiritual start to the day and retreat. The testimony is uplifting and the talk inspiring and encouraging.

All spirit filled as expected - the talk by Barbara was inspiring - a rooted in reality journey of spiritual formation.

Thank you for the meeting which was very inspiring and well organised

This was my second meeting. Time went very quickly. Closer to God and the Spirit. Good to explain baptism and the meaning of the Spirit.

Good, interesting, in depth and supportive,

How important it is to have the gifts of the holy Spirit. Loving one's neighbour as themselves.

The mass and adoration are always a very helpful focus to set the scene for what might follow

Thank you, Barbara, always a delight to listen to you speak. Always grateful for your support some years ago.

How wonderfully did Esther's testimony preface that talk! Thank you, Esther.

I think prayer ministry is brilliant

It was the first time I have asked for the prayer ministry. It was beautiful to be prayed with. The pain in my neck has almost gone and my pain in my wrist is mostly bearable. Thank you to all the prayer ministry.

Wonderful to be able to share an ongoing personal problem , rather than to feel disloyal, and to receive wise counsel and practical advice from a compassionate and caring listener.

In prayer ministry, I was taught how to manage the situation with prayers.
